November 2013

This Annual Report (this “Annual Report”) is prepared by Loyola University of Chicago, an Illinois not for profit corporation (the “University”), in compliance with (a) the Continuing Disclosure Agreement (the “2012B Continuing Disclosure Agreement”) dated as of May 31, 2012, entered into in connection with the Illinois Finance Authority (the “Authority”) Revenue Bonds, Loyola University of Chicago, Series 2012B (the “Series 2012B Bonds”); (b) the Voluntary Continuing Disclosure Undertaking Agreement (the “2011 Voluntary Continuing Disclosure Agreement”) dated as of August 15, 2011, entered into in connection with the Authority Commercial Paper Revenue Notes (Loyola University of Chicago Financing Program) (the “2008 Commercial Paper Revenue Notes”); (c) the Continuing Disclosure Agreement (the “2007 Continuing Disclosure Agreement”) dated as of April 12, 2007, entered into in connection with the Authority Revenue Bonds, Loyola University of Chicago, Series 2007 (the “Series 2007 Bonds”); and (d) the Continuing Disclosure Agreement (the “2003 Continuing Disclosure Agreement”) dated as of July 16, 2003, entered into in connection with the Authority (as successor to the Illinois Educational Facilities Authority) Revenue Bonds, Loyola University of Chicago, Series 2003A (the “Series 2003A Bonds”) and Series 2003B (the “Series 2003B Bonds”). The 2012B Continuing Disclosure Agreement, the 2011 Voluntary Continuing Disclosure Agreement, the 2007 Continuing Disclosure Agreement and the 2003 Continuing Disclosure Agreement are collectively referred to in this Annual Report as the “Continuing Disclosure Agreements”. Capitalized terms used herein but not defined herein will have the meanings ascribed to them in the Official Statement dated May 16, 2012 relating to the Series 2012B Bonds (the “2012B Official Statement”).

This document contains updated financial and operating data in those areas required to be updated by the Continuing Disclosure Agreements. **It is not intended to, and does not, represent a complete discussion of all the affairs of the University for the past fiscal year, or periods subsequent thereto, include further information that may be relevant, or attempt to update any information other than as required under the Continuing Disclosure Agreements.** In addition to this Annual Report, under the Continuing Disclosure Agreements the University is obligated to disclose separately the occurrence of certain “Material Events” or “significant events” as defined or referenced therein.

The University was founded in 1870 as St. Ignatius College. The founders were members of the Society of Jesus, an order of Roman Catholic priests devoted to education. The University is the third-largest independent not for profit institution of higher education in the State of Illinois on the basis of enrollment, with a total enrollment in excess of 15,900 full-time and part-time students on four campuses as of Fall 2013. The University is a coeducational institution offering undergraduate, graduate and professional degree-granting programs. Unless otherwise indicated, financial and statistical information provided herein comprises information of the University and the LU Affiliates (as defined below), as shown in the most recent audited financial statements of the University.

Financial Statement Information

Enclosed with this Annual Report are: Consolidated Statements of Financial Position as of June 30, 2013 and 2012; Consolidated Statements of Activities and Changes in Net Assets for the two years ended June 30, 2013 and 2012; Consolidated Statements of Cash Flows for the two years ended June 30, 2013 and 2012; Notes to Consolidated Financial Statements for the years ended June 30, 2013 and 2012; and the independent auditors’ reports thereon.

The audited consolidated financial statements of the University referenced in the preceding paragraph include the results of the University, Mundelein College, an Illinois not for profit corporation (“Mundelein”), and the Loyola Rome Center Foundation, an Italian entity owned and controlled by the University (the “Foundation”). Together, Mundelein and the Foundation are referred to as the “LU Affiliates”. In fiscal year 2012, the Foundation was created to support the activities of the University’s John Felice Rome Center and programs in Italy.

The University’s historical audited consolidated financial statements provided in previous years’ annual reports (prior to fiscal year 2011) submitted for purposes of continuing disclosure included the financial position and results of operations of Loyola University Health System (the “Health System”) and its healthcare affiliates. Following the closing of the Trinity Transaction (defined below under the caption “Trinity Transaction — Relationship with Health System”) on June 30, 2011, the University’s audited consolidated financial statements no longer include the financial position and results of operations of the Health System or the other healthcare affiliates.

Only the University is liable for Obligations incurred under the Master Indenture and other University indebtedness described herein. No affiliate of the University is liable for any indebtedness of the University including any Obligation incurred by the University under the Master Indenture or is subject to any of its covenants. Consequently, no affiliate of the University should be viewed as an available source of

funds for the University. The Health System and its healthcare affiliates are no longer affiliates of the University or an available source of funds except for the limited purposes described below under the caption “Trinity Transaction – Relationship with Health System” pursuant to the Academic Affiliation Agreement described below. The University has no legal obligation to make payments of debt service on any indebtedness of the Health System or any of its affiliates.

Under the Master Indenture, except as otherwise expressly set forth, all financial tests or reports shall be based, at the University’s option, but applied on a consistent basis with respect to a calculation made in a particular instance, on either (a) the unconsolidated financial statements of the University without regard to any Affiliate, as set forth in the unaudited consolidating schedules to the audited consolidated financial statements of the University, or (b) the audited financial statements of the University including the consolidated results of the University and any Affiliates; provided, however, that the University shall not use statements under this clause (b) if any amount used in the calculation differs by more than 5% (higher or lower) from the amount that would be used if the University had elected to perform the calculation as set out in clause (a) of this sentence. The Loyola University of Chicago Taxable Fixed Rate Bonds, Series 2012A (the “Series 2012A Bonds”) and the Series 2012B Bonds were not issued under the Master Indenture, as described further under “Outstanding Long-Term Indebtedness – Tests for the Incurrence of Additional Indebtedness” below.

Except where otherwise indicated, the information in this Annual Report is presented including the results of the University and the LU Affiliates.

Summary University Financial Information: 2013 and 2012. The following tables present summary financial information of the University for the 2013 and 2012 fiscal years. The following financial information for fiscal years 2013 and 2012 is qualified in its entirety by reference to the audited financial statements of the University. Management's Discussion of Financial Results

General. The University's financial statements are prepared in conformity with accounting principles generally accepted in the United States of America. See Note 3 of the Notes to Consolidated Financial Statements for the years ended June 30, 2013 and 2012 for a summary of significant accounting policies.

Trinity Transaction. During fiscal year 2011, the University recorded an overall increase in net assets of \$42.2 million related to the sale of the Health System to Trinity.

There was no impact of the Trinity Transaction (defined below under the caption Trinity Transaction – Relationship with Health System”) on the fiscal year 2013 financial statements. In fiscal year 2012, an increase in net assets from discontinued operations of \$8.9 million was recorded. This included recognition of a \$20.0 million gain related to the Indemnification Escrow Agreement in connection with the Trinity Transaction, a \$7.4 million loss related to a reduction in the post-closing reconciliation payment, and a \$3.7 million loss related to the net impact of property transfers on the Health Sciences/Medical Center Campus, all as described in Note 14 of the Notes to Consolidated Financial Statements for the years ended June 30, 2013 and 2012.

For more information regarding the Trinity Transaction, see “Trinity Transaction – Relationship with Health System” below.

Fiscal Year 2013 Compared to Fiscal Year 2012. During fiscal year 2013, net assets for the University increased overall by \$87.6 million. This is compared to an overall increase in net assets of \$74.9 million and an increase in continuing operations of \$66.0 million in 2012. An operating surplus of \$30.9 million was recorded compared to the previous fiscal year's operating surplus of \$44.3 million. For fiscal year 2013, the investment return on the endowment portfolio was a positive 12.2%, compared to the fiscal year 2012 return of positive 1.1%.

The fiscal year 2013 operating surplus is due primarily to conservative fiscal policies and revenues from enrollment. A 1.7% or \$5.4 million increase in net tuition and fees revenue was the result of a tuition increase of approximately 2.75% for continuing undergraduate students, 5.0% for new entering undergraduate students, and a range of 2.6%-5.0% for graduate and professional school tuition. In fiscal year 2013, total enrollment equaled 15,720, representing both full- and part-time students. The number of undergraduate students decreased 1.4% to 9,723 students compared to 9,856 in the prior year. Graduate and professional enrollments decreased 3.0% over the prior year to 5,997 students.

Total operating revenues increased 3.9% or \$19.1 million from \$490.2 million in fiscal year 2012 to \$509.3 million in fiscal year 2013, and operating expenses increased 7.3% or \$32.5 million from \$445.9 million in fiscal year 2012 to \$478.4 million in fiscal year 2013. The increase in operating revenues was primarily the result of an increase in net tuition and fees of \$5.4 million, an increase in grants and contracts of \$3.9 million, and an increase in

auxiliary services of \$3.1 million. The increase in operating expenses was primarily the result of an increase in salaries and wages of \$13.0 million, an increase in depreciation of \$5.9 million, and an increase in interest expense of \$6.5 million.

With a positive 12.2% investment return in fiscal year 2013, the market value of the University's endowment fund assets increased to \$461.9 million at June 30, 2013 from \$406.0 million at June 30, 2012. Under the Board of Trustees' current policy, the University limits its spending of endowment funds to 5.0% annually. For the last several years, actual spending has been less than 5.0% in an effort to grow the endowment. The effective spending rate was 2.0% for 2013 and 2.7% for 2012.

Unrestricted net assets from continuing operations increased \$74.1 million in fiscal year 2013. This is compared to an increase of unrestricted net assets from continuing operations of \$30.5 in fiscal year 2012. This increase is primarily due to strong investment gains and collection of unrestricted pledges to the University. Temporarily restricted net assets from continuing operations increased \$4.9 million in fiscal year 2013 compared to an increase of \$28.3 million in fiscal year 2012. Permanently restricted net assets from continuing operations increased \$8.6 million in fiscal year 2013 compared to an increase of \$7.3 million in fiscal year 2012. Gifts totaled \$25.7 million in fiscal year 2013 compared to \$54.3 million in fiscal year 2012.

The University had \$584.7 million in outstanding debt as of June 30, 2013 compared to \$593.9 million as of June 30, 2012. In August 2012, the University opted to defease \$2.5 million of Series 2007 bonds pursuant to a change in use of some of the University's financed facilities. Debt service of \$22.4 million in fiscal year 2013 was 4.7% of operating expenses.

Fiscal year 2013 capital expenditures totaled \$200.9 million. Significant capital expenditures were related to academic and student life buildings. The renovation of the Mundelein Center, an academic building home to faculty offices and classrooms at the Lake Shore Campus, was substantially completed in fiscal year 2013. The Damen Student Center, also located at the Lake Shore Campus and completed in April 2013, is a Leadership in Energy and Environmental Design (LEED) Silver-certified building that provides a dedicated space for students, faculty, and staff to build community and encourage co-curricular engagement. The renovations of Messina Hall and Bellarmine Hall, both residence facilities at the Lake Shore Campus, were completed in fiscal year 2013. Additionally, the University continued the construction of new state-of-the-art energy efficient facilities including San Francisco Hall, de Nobili Hall, and the Institute of Environmental Sustainability building, which are all located at the Lake Shore Campus. Lastly, the University invested in strategic property acquisitions at the Lake Shore Campus and other various building renovations and plant upgrades. These expenditures were financed primarily from the University's new debt issuances as well as funds from operations, gifts and grants.

For fiscal year 2013, capital expenditures do not include, in accordance with University management policy, equipment purchases with a value under \$5,000, which are expensed.

Fiscal Year 2012 Compared to Fiscal Year 2011. During fiscal year 2012, net assets for the University increased overall by \$74.9 million, which included an increase of \$66.0 million from continuing operations and an additional \$8.9 million gain on disposal of discontinued operations. This is compared to an overall increase in net assets of \$175.5 million and an increase in continuing operations of \$133.3 million in 2011. An operating surplus of \$44.3 million was recorded compared to the previous fiscal year's operating surplus of \$54.3 million. For fiscal year 2012, the investment return on the endowment portfolio was a positive 1.1%, compared to the fiscal year 2011 return of positive 21.7%.

The fiscal year 2012 operating surplus is due primarily to conservative fiscal policies and revenues from enrollment growth. A 2.4% or \$7.4 million increase in net tuition and fees revenue was the result of a combination of record enrollments and a tuition increase of approximately 3.7% for undergraduate schools and a range of 3.6%-5.1% for graduate and professional school tuition. In fiscal year 2012, total enrollment reached 16,040, representing both full- and part-time students. The number of undergraduate students increased 1.1% to 9,856 students compared to 9,747 in the prior year. Graduate and professional enrollments decreased 0.3% over the prior year to 6,184 students.

Total operating revenues increased 3.6% or \$16.9 million from \$473.3 million in fiscal year 2011 to \$490.2 million in fiscal year 2012, and operating expenses increased 6.4% or \$26.9 million from \$419.0 million in fiscal year 2011 to \$445.9 million in fiscal year 2012. The increase in operating revenues was primarily the result of an increase in net tuition and fees of \$7.4 million, an increase in academic support of \$4.5 million, and an increase in

other income of \$4.3 million. The increase in operating expenses was primarily the result of an increase in salaries and wages of \$11.4 million, an increase in fringe benefits of \$4.3 million, and an increase in non-salary operating expenses of \$8.6 million.

With a positive 1.1% investment return in fiscal year 2012, the market value of the University's endowment fund assets increased to \$406.0 million at June 30, 2012 from \$388.7 million at June 30, 2011. Under the Board of Trustees' current policy, the University limits its spending of endowment funds to 5.0% annually. For the last several years, actual spending has been less than 5.0% in an effort to grow the endowment. The effective spending rate was 2.7% for 2012 and 3.1% for 2011.

Unrestricted net assets from continuing operations increased \$30.5 million in fiscal year 2012. Strong results of operations were partially offset by unfavorable retirement plan related changes. This is compared to an increase of unrestricted net assets of \$102.9 in fiscal year 2011. This decline is primarily due to strong investment gains and favorable retirement plan related changes in the prior year. Temporarily restricted net assets from continuing operations increased \$28.3 million in fiscal year 2012 compared to an increase of \$23.8 million in fiscal year 2011. Permanently restricted net assets from continuing operations increased \$7.3 million in fiscal year 2012 compared to an increase of \$6.6 million in fiscal year 2011. Gifts totaled \$54.3 million in fiscal year 2012 compared to \$18.7 million in fiscal year 2011.

The University had \$593.9 million in outstanding debt as of June 30, 2012 compared to \$285.9 million as of June 30, 2011. The University issued approximately \$311.5 million in new debt as part of a six-year \$750 million capital plan to significantly improve facilities for student residences, athletics, academics, and student life activities. Of the new debt, \$113.5 million was issued in the form of a seven-year term loan from PNC Bank, National Association that was closed and funded on November 17, 2011 (the "2011 Term Loan"). The 2011 Term Loan was issued at a fixed rate of 2.36% with semi-annual principal amortization beginning in December 2013 and a final maturity in June 2018. The remainder of the new debt was issued in May 2012. The University issued \$157.2 million of Series 2012A Bonds on May 16, 2012, and the Authority issued \$92.2 million of Series 2012B Bonds on May 31, 2012. Approximately \$50.0 million of the Series 2012A Bonds and the Series 2012B Bonds were issued (and the University used other funds) to reduce interest expense by refunding all of the outstanding Series 2003A Bonds and all of the outstanding Authority Revenue Bonds, Loyola University of Chicago, Series 2004A (the "Series 2004A Bonds"). The refundings resulted in a non-operating loss of \$3.9 million in fiscal year 2012 due to the early extinguishment of debt. The estimated present value savings associated with these refundings will result in a decreased cash flow requirement of \$4.3 million. Debt service of \$23.4 million in fiscal year 2012 was 5.2% of operating expenses.

Fiscal year 2012 capital expenditures totaled \$157.7 million. Significant capital expenditures were related to academic and student life buildings. Cuneo Hall, which was completed in May 2012, is a four-story academic center that uses vanguard technology to reduce its carbon footprint and increase energy efficiency. The Center for Collaborative Studies/School of Nursing building was substantially completed in fiscal year 2012 and is home to new nursing classrooms and administrative offices, a state-of-the art clinical simulation center, and the health sciences library. The University also focused on various residence facilities' construction and renovations, including Messina Hall, San Francisco Hall, de Nobili Hall, Bellarmine Hall, and BVM Hall. Additionally, the University continued construction on the Mundelein Center, an academic building home to faculty offices and classrooms, and began building the new Alumni Student Center, which will be a new student union. Lastly, the University invested in several strategic property acquisitions at the Lake Shore Campus and other various building renovations and plant upgrades. These expenditures were financed primarily from the University's new debt issuances as well as funds from operations, gifts and grants.

For fiscal year 2012, capital expenditures do not include, in accordance with University management policy, equipment purchases with a value of \$5,000 or less, which are expensed.

Enrollment; Tuition and Fees; Student Housing; Financial Aid

Enrollment. The following table, based on Fall term registration, sets forth head-count enrollments for the past four and the current academic years, representing full-time and part-time students in degree-granting programs. A majority of these students are full-time students registered for the normal course load for the chosen field of study.

University Enrollment

<u>Academic Year</u>	<u>Graduate and Professional</u>	<u>Undergraduate</u>	<u>Total</u>
2009-10	5,802	10,077	15,879
2010-11	6,204	9,747	15,951
2011-12	6,184	9,856	16,040
2012-13	5,997	9,723	15,720
2013-14	5,789	10,168	15,957

Enrollment of freshmen at the University and the number of undergraduate student transfers for the academic years 2009-10 through 2013-14 are as follows:

Freshman and Transfer Enrollment

<u>Academic Year</u>	<u>Freshman Enrollment</u>	<u>Undergraduate Transfers</u>	<u>Total New Enrollment</u>
2009-10	2,076	590	2,666
2010-11	2,063	512	2,575
2011-12	1,930	585	2,515
2012-13	2,003	636	2,639
2013-14	2,512	597	3,109

The University expects enrollment to remain stable. Various factors will affect future enrollment, including: shifts in demographics, the number of students starting their degree at a community college, the number of applications, the number of accepted students who enroll, the academic qualifications of admitted students, admissions counseling, and the financial need of students. Although the University believes that such factors, in addition to its urban location and diversity of programs, indicate that a generally stable demand for its educational programs will continue, no assurance can be given regarding future enrollment levels.

The following table gives enrollment and other information regarding the student body for the five academic years ending 2013-14.

*“Freshman (Completed) Applications” and “Acceptance Rate (Completed Applications)” were restated for the years 2010-11, 2011-12 and 2012-13 to reflect the Federal Integrated Postsecondary Education Data System standard.

Tuition and Fees. The University meets the costs of its educational programs primarily through tuition, fees, gifts and grants. Tuition is charged at different rates depending on the college or school in which the student is enrolled. The following table sets forth the publicly announced base tuition to be charged by the principal colleges and schools of the University in the 2013-14 academic year and the tuition charged in the preceding four academic years.

	<u>2009-10</u>	<u>2010-11</u>	<u>2011-12</u>	<u>2012-13</u>	<u>2013-14</u>

School of Medicine (MD Program)....	\$39,200	\$41,200	\$43,700	\$47,000	\$48,200

The University reserves the right to revise its charges from time to time, as determined by the Board of Trustees. Future economic and other conditions may affect the University's ability to increase its tuition and fees. Although the University has increased tuition in recent years and believes that it would be able to increase its tuition and fees without adversely affecting its future enrollment, there can be no assurance that it will be able to do so.

Student Housing. In Fall 2013, approximately 4,247 students occupied on-campus residences. There are currently 19 residential facilities at the Lake Shore Campus, and there is one residential facility at the Water Tower Campus. For the current academic year, the cost for a traditional double room and 7-Day All Access meal plan total \$12,570. Pursuant to the University's strategic housing plan, the University expects to continue to improve its residential facilities to accommodate demand and enhance the student experience. The next phase in student housing for the University will be to continue the development of more attractive housing and specific housing for sophomores, juniors, and seniors.

Financial Aid. During the 2012-13 academic year, approximately 13,687 students of the University received approximately \$375 million in financial aid. The sources of these funds were: the State of Illinois (3%), federal programs (55%), University funds which include scholarships and grants (35%) and direct awards to students from various sources (7%). Approximately 87% of the University's full-time students received some form of financial aid. Financial aid information for the 2013-14 academic year is not yet available. The following table presents total student financial aid by source.

<u>Academic Year</u>	<u>Total Student Financial Aid</u>				
	<u>Federal</u>	<u>Illinois</u>	<u>University</u>	<u>Other</u>	<u>Total</u>
2008-09.....	158,461	12,776	105,746	41,647	318,630

2012-13.....	207,840	10,313	131,492	25,178	374,823

All financial aid programs furnished by the federal government and the State of Illinois are subject to appropriation and funding by the U.S. Congress and the Illinois General Assembly. Federal and state appropriations to financial aid programs nationally have been stable in recent years; however, cuts in federal and state aid are expected to occur in the future as the federal and state budgets continue to come under increasing pressure. The effect of any such changes on the University may be adverse and there is no assurance that the current levels of state, federal or University financial aid will be maintained in future years. Changes in the availability of financial aid may adversely affect enrollment.

Gifts and Bequests

The following table sets forth the amount of gifts and private bequests received by the University for the five fiscal years ended June 30, 2013. Amounts shown below are calculated based on generally accepted accounting principles as set forth in the University's audited financial statements and therefore reflect the amount accrued at the time a pledge is made. Actual cash payments may occur over several-year periods. A bequest is recognized when the cash is received.

In fiscal year 2012, Michael R. Quinlan, Chairman of the University's Board of Trustees, and Marilyn Quinlan pledged a gift to the University of \$40 million. \$15 million of this gift has been received, \$5 million will be paid on or before May 26, 2014, and the remaining \$20 million will be paid in increments of \$1 million each year for twenty consecutive years beginning in 2013. In recognition of this gift, the University has named its School of Business the Michael R. Quinlan School of Business. This pledge was recorded in fiscal year 2012 at a net present value of \$31.9 million and is included in the chart below as temporarily restricted for fiscal year 2012.

In fiscal year 2010, the University received a \$50.1 million gift of property, artwork, cash and securities from The Cuneo Foundation. \$29.8 million was recorded as unrestricted while the remaining \$20.3 million was recorded as temporarily restricted.

Cash and Investments

The market value of the University's cash and investments (collectively, "Total Investments") at June 30, 2009 through June 30, 2013 and the total return on Total Investments for the fiscal years then ended are set forth in the table below. The University records investment results net of management fees.

Market Value of Total Investments and Total Return ((\$000's))

(1) Real Assets investments include private real estate funds and other investments expected to function as hedges against inflation.

(2) Includes amounts not included in Cash and Cash Equivalents on the balance sheet at fiscal year-end.

(3) Equity investments include marketable equities, private capital and marketable alternative investments.

(4) Total return on investments includes interest, dividends and realized and unrealized gains and losses on long-term investments and interest earned on cash and cash equivalents.

Land, Buildings and Equipment

The following table sets forth the book value of the land, buildings and equipment of the University (net of depreciation) as of June 30 in the years 2009 through 2013. The actual replacement value of the University's physical plant, as determined for insurance purposes as of June 1, 2013, was approximately \$1.5 billion.

Fiscal Year Ended June 30	Land, Buildings and Equipment - Net (\$000's)
2009	596,269
2010	705,707
2011	788,048
2012	912,629
2013	1,029,530

Outstanding Long-Term Indebtedness

The following table sets forth the total outstanding long-term indebtedness of the University as of June 30, 2013. No indebtedness of any University affiliate is included, and short-term indebtedness, including a 364-day Credit Agreement with PNC Bank, National Association, under which the University may borrow up to \$20 million on a revolving loan basis, is excluded. The University routinely assesses its capital needs and borrowing plans on a regular basis.

⁽¹⁾ Final maturities reflect calendar year information whereas the University's audited financial statements show fiscal year data.

⁽²⁾ In August 2012, the University prepaid a portion of the Direct Note Obligation, Series 2007 (Illinois Finance Authority) in the principal amount of \$2,500,000 in order to effect the payment and redemption on July 1, 2017 of a portion of the Series 2007 Bonds.

⁽³⁾ The University's 2008 Commercial Paper Revenue Notes have a final mandatory prepayment date of June 1, 2038 and are treated by the University as long-term indebtedness. The 2008 Commercial Paper Revenue Notes are fully backed by PNC Bank, National Association, pursuant to an agreement that expires on August 15, 2014 (the "PNC Commercial Paper Facility"). The interest rate shown for the 2008 Commercial Paper Revenue Notes represents the weighted average outstanding interest rate at June 30, 2013. In June 2012, the University opted to retire \$5.96 million of the 2008 Commercial Paper Revenue Notes, and the PNC Commercial Paper Facility was reduced

- commensurately.
- (4) Principal amount outstanding is subject to currency (Euro) fluctuations.
 - (5) In May 2012, approximately \$50.0 million of the Series 2012A Bonds and the Series 2012B Bonds were issued (and the University used other funds) to reduce interest expense by refunding all of the outstanding Series 2003A Bonds and all of the outstanding Series 2004A Bonds.
 - (6) See footnote 5 above.

Tests for the Incurrence of Additional Indebtedness. The Master Indenture requires that the University comply with one of two alternative tests as a condition precedent to the incurrence of Additional Indebtedness. The Series 2012A Bonds and the Series 2012B Bonds were not issued under the Master Indenture. However, the University has covenanted in the Trust Indenture dated as of May 1, 2012 between the University and U.S. Bank National Association (the “Indenture”) for the Series 2012A Bonds and in the Loan Agreement dated as of May 1, 2012 between the University and the Authority (the “Loan Agreement”) for the Series 2012B Bonds to comply with the Additional Indebtedness test in the Master Indenture (as amended solely through the Sixth Supplemental Master Indenture), but only for such period that Obligations remain outstanding under the Master Indenture. In the event that the Master Indenture is discharged in full and no Obligations remain outstanding thereunder in accordance with its terms, the provisions of the Indenture and the Loan Agreement applying the Additional Indebtedness test will terminate and be of no further force and effect.

Under the first alternative, a capitalization test, the University must demonstrate that Funded Indebtedness, including any contemplated new debt, does not exceed 50% of total University capitalization (defined as the sum of indebtedness plus net assets). Under the second alternative, a debt service coverage test, the Maximum Annual Long-Term Debt Service on all Funded Indebtedness of the University, including the debt to be issued, may not exceed 10% of (a) the average of University operating Revenues (as defined under the Master Indenture) for the two most recent Fiscal Years or (b) if the University elects, and the new debt is to finance capital improvements, the average of “Adjusted Revenues” (as defined under the Master Indenture) calculated by a consultant to include projected revenues from such capital improvements.

The following tables provide the actual capitalization and maximum annual debt service coverage of the University (excluding any affiliate) as of June 30, 2013.

All calculations in the two tables below are made as required or allowed under the Master Indenture.

<u>Capitalization</u> (<u>\$000’s</u>)	<u>June 30, 2013</u>

Maximum Annual Debt Service Coverage
(S000's)

June 30, 2013

Average University Revenues (fiscal years 2012 and 2013)	\$499,736
Maximum Annual Long-Term Debt Service Requirements ⁽¹⁾	38,043
Ratio (Not to exceed 10%)	7.6%

⁽¹⁾ The Master Indenture permits the computation of long-term debt service requirements of Balloon Indebtedness, such as that represented by the 2008 Commercial Paper Revenue Notes, assuming that such debt is amortized on level debt service basis over 30 years at an assumed interest rate required by the Master Indenture, which has been done for purposes of the computations of maximum annual debt service included above.

Under the Master Indenture, the University is authorized to establish long-term revolving lines of credit with one or more banks in amounts not to exceed \$20 million outstanding at any time, without the need to satisfy any incurrence test, which authority was unused at June 30, 2013.

In addition, so long as (a) the 364-day revolving credit agreement dated February 28, 2011 between the University and PNC Bank, National Association remains in effect; or (b) the Term Loan Agreement dated November 17, 2011 between the University and PNC Bank, National Association (the "Term Loan Agreement"), in connection with the 2011 Term Loan, remains in effect; or (c) any 2008 Commercial Paper Revenue Notes remain outstanding that are secured by the PNC Commercial Paper Facility, the University is required to meet the same tests for the incurrence of Additional Indebtedness as those required under the Master Indenture, including that the University may not issue Additional Indebtedness unless the University satisfies either of the following:

- ◆ if the University elects to satisfy the capitalization test described above, then it must also comply with either the maximum annual long-term debt service coverage test described above, or one of the following two tests:
 - the Maximum Annual Debt Service Coverage Ratio of the University for the most recent Fiscal Year on all Funded Indebtedness, including the debt to be issued, must be not less than 1.20 to 1, or
 - the Debt Service Coverage Ratio of the University for the most recent Fiscal Year on all Funded Indebtedness, but not the debt to be incurred, is not less than 1.20 to 1 and a consultant's report shows that taking the proposed debt into account, the Projected Debt Service Coverage Ratio for the two full Fiscal Years following the issuance (or, for a capital project, the two full Fiscal Years following completion) is not less than 1.20 to 1. If the Projected Debt Service Coverage Ratio is at least 1.30 to 1, the University may deliver an officer's certificate in lieu of such consultant's report;
- or
- ◆ if the University elects to satisfy the Maximum Annual Long-Term Debt Service Coverage test first described above, then it must also comply with either the capitalization test or the University's unrestricted net assets plus temporarily restricted net assets minus net investment in plant must be at least 65% of all long-term debt, including the debt to be issued.

In addition, so long as the Term Loan Agreement remains in effect, the University must maintain a Debt Service Coverage Ratio at the end of each Fiscal Year, for the Fiscal Year then ended, of at least 1.20 to 1.0. The Debt Service Coverage Ratio of the University at June 30, 2013 is 4.18 to 1.00.

The maximum annual debt service coverage of the University at June 30, 2013 is 2.46 to 1.00 and the unrestricted plus temporarily restricted net assets minus investment in plant at that date is 114% of long-term debt, each calculated as required by the Master Indenture.

Annual Debt Service Requirements

The following table sets forth the actual (subject to assumptions described below) annual amounts required for the payment of principal at maturity or by mandatory sinking fund redemption and for the payment of interest on the outstanding indebtedness of the University for each year ending June 30.

- (1) Interest payments due on July 1 each year are included in the prior fiscal year's debt service requirements.
- (2) Assumes an average variable rate of 3.50% for outstanding 2008 Commercial Paper Revenue Notes (except for the year 2014 in which the assumed interest rate is 1.00%). Although the 2008 Commercial Paper Revenue Notes have a final mandatory prepayment date of June 1, 2038, which is reflected as a bullet maturity in this chart, management expects that the principal will be retired or refunded from time to time in earlier years.
- (3) Includes \$21.1 million of 7.52% Fixed-Rate Medium-Term Notes with a final maturity in 2017; approximately \$211,000 of 9.50% installment notes with a final maturity in 2015; \$113.5 million outstanding under the 2011 Term Loan at a rate of 2.36% and with a final maturity in 2018; and a mortgage denominated in Euros due in 2029 on the Rome Center property with an effective rate of 1.51% and approximately \$12,128,000 outstanding (subject to fluctuations in the Euro).

Trinity Transaction – Relationship with Health System

Effective July 1, 2011, the University completed a transaction with Trinity Health Corporation (“Trinity”), an Indiana nonprofit corporation located in Novi, Michigan, pursuant to a Definitive Agreement dated March 31, 2011 (the “Definitive Agreement”). Pursuant to the Definitive Agreement, Trinity replaced the University as the sole member of the Health System, and all of its affiliates including Loyola University Medical Center (“LUMC”), Gottlieb Health Resources, Inc., Gottlieb Memorial Hospital (“GMH”), and Loyola University of Chicago Insurance Company, Ltd. (“LUCIC”) (the “Trinity Transaction”). As a result of the Trinity Transaction, the University is no longer the parent or an affiliate of the Health System, LUMC, GMH, LUCIC, or the other former healthcare affiliates, and these entities no longer are included in the audited consolidated financial statements of the University. Effective July 1, 2011, Trinity controlled all of the assets of the Health System and its affiliates, and all of the liabilities remain with the Health System and its affiliates, except for any assets or liabilities excluded from the Trinity Transaction by the parties. The education and research components of the University’s health sciences, including the Stritch School of Medicine (the “Medical School”) and the Marcella Niehoff School of Nursing (the “Nursing School”), remain part of the University following the Trinity Transaction.

As part of the consideration under the Definitive Agreement, Trinity provided a payment to the University of \$100 million, \$80 million of which was paid on July 1, 2011, and the remaining \$20 million of which was used to establish an escrow in order to secure the University’s obligations under the Definitive Agreement, including, without limitation, the payment of any unrecorded, misstated or under-reserved pre-closing liabilities or the breach of any representations, warranties or covenants made by the University in the Definitive Agreement. The escrow will be released to the University over a period of four years if not required to cover these potential liabilities and/or the indemnification owed to Trinity. There was also a post-closing reconciliation based on a comparison of the Health System’s net assets at June 30, 2011 and its net assets on December 31, 2010 and the reconciliation resulted in a payment from Trinity to the University in the amount of \$49.6 million on October 21, 2011.

In addition to the consideration under the Definitive Agreement, Trinity has committed, under the Definitive Agreement and a Research Facility Funding Agreement, a matching sum equal to \$75 million towards a new research facility to be owned by the University. The construction and related start-up operating costs of the facility are estimated to be \$150 million. The University will be responsible for the balance of the costs of the facility as provided by the Research Facility Funding Agreement which was executed by the University and Trinity effective July 1, 2011 and which contains the specific terms regarding the funding of the new research facility. The facility will be known as the Center for Translational Research and Education and groundbreaking occurred in August 2013. The 227,000-square-foot building is expected to open in April 2016.

The education and research components of the University’s health sciences, including the Medical School and the Nursing School, remain with the University following the Trinity Transaction. The University, the Health System and LUMC have entered into an Academic Affiliation Agreement effective July 1, 2011 (the “Academic Affiliation Agreement”) which includes negotiated terms and conditions and which provides for an annual academic support payment to the University from the Health System and LUMC (which payment is guaranteed by Trinity). The annual academic support payment amount is set at \$22.5 million (subject to an inflation adjustment) for an initial term of 10 years. The specific terms and conditions of the continuing extensions and the ability to renegotiate, modify, or renew certain terms of the Academic Affiliation Agreement are set forth in the Academic Affiliation Agreement. Among these provisions is one which provides that following the fifth anniversary of the Academic Affiliation Agreement, either party may give notice to the other party to that agreement that the support payment be modified. If so modified, the modified agreement would become effective as of the sixth year following the next anniversary of the Academic Affiliation Agreement following the completion of successful negotiations. Otherwise, the Academic Affiliation Agreement would automatically renew for an additional year unless the support payment is modified as described above, or unless the Academic Affiliation Agreement is terminated (triggering a right in the University described below to repurchase the Health System and its affiliates (as they are constituted at the time) at fair market value, during the next succeeding five years of the remaining term of the Academic Affiliation Agreement).

The Definitive Agreement also provides the University with certain repurchase rights. If any of the following events occurs, the University has the right to repurchase the Health System and its affiliates (as they are constituted at the time), at fair market value: (a) a change of control of Trinity, the Health System or LUMC as a result of which Trinity, the Health System or LUMC would no longer be bound by the Ethical and Religious Directives for Catholic Health Services as promulgated by the United States Conference of Catholic Bishops, (b) any event that causes the failure of LUMC to maintain its status as an academic medical center as defined by and in

accordance with the Academic Affiliation Agreement, or (c) upon the expiration of the Academic Affiliation Agreement after failure of the parties to resolve a dispute related to the academic support payment amount or academic support payment calculation methodology for any period after the initial 10 year term of the Academic Affiliation Agreement. The specific terms and conditions of the University's right to repurchase the Health System and its affiliates are set forth in the Definitive Agreement and the Academic Affiliation Agreement.

In addition to the Research Facility Funding Agreement and the Academic Affiliation Agreement referred to above, other agreements delivered in connection with the Trinity Transaction included a Branding and Trademark License Agreement among the University, Trinity, the Health System, LUMC and certain of the other healthcare affiliates regarding the use of the Loyola name, logo, trademarks, service marks, and all related goodwill in connection with their healthcare operations; an Indemnification Escrow Agreement among Trinity, the University and an escrow agent; a Shared Services Agreement among the University, the Health System and/or LUMC regarding sharing certain services; a Real Estate Swap Agreement which resulted in transfers of real estate between the University and LUMC as described below; various leases and other real estate agreements among the University, the Health System and/or LUMC providing for the sharing or transfer of certain real estate on the Medical Center Campus; and other instruments and documents.

As a result of the Real Estate Swap Agreement, the University now owns the central part of the Health Sciences/Medical Center Campus. This central part is the "Academic/Health Sciences Zone" and includes, among other facilities, the Medical School's Cuneo Center, the Center for Collaborative Studies/School of Nursing, the Center for Health and Fitness, the Cardinal Bernardin Cancer Center (subject to a 99-year leasehold interest for the portion of the building currently used by LUMC) and the space for the new research facility. The north end of the campus is owned by LUMC, and includes the primary hospital building and other inpatient facilities and related infrastructure. The south end of the campus is also owned by LUMC and includes outpatient/ambulatory facilities.

Trinity, including the Health System and LUMC, derives a significant portion of its revenues from Medicare, Medicaid and other third-party payor programs. The receipt of future revenues by Trinity and the Health System, including LUMC, is subject to, among other factors, federal and state policies and procedures affecting the healthcare industry, increased competition and other conditions that are not possible to predict. Developments in the healthcare industry, including increases in managed care arrangements, have significantly increased competitive pressures and seek to restrain the growth in healthcare spending by employers, insurers, health maintenance organizations and other payors. No assurance can be given that Trinity, including the Health System and LUMC, will have sufficient revenues or operating income necessary to meet their respective obligations to the University under the Academic Affiliation Agreement now in effect.
