

ITS Executive Steering Committee (ITESC)

Agenda and Materials
February 17, 2011

Preparing people to lead extraordinary lives

Agenda

- Project Review Board Update
 - K. Smith
- Cellular Contracts and Support
 - D. Vonder Heide
- Technology Briefing
 - S. Malisch

ITS Major Initiatives Calendar

ITS Major Initiatives Calendar <i>(as of 1/21/10)</i>				FY11						FY12							
Rank	Category	Project/Program	Target Complete This Period	2011													
				Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec		
--	Must Have	Advance Upgrade	Y														
--	Must Have	Maxxess Campus Safety Upgrade	Y														
--	Must Have	R+ upgrade and PII functionality	Y														
--	Must Have	CMS Changeover to Terminal 4	N														
--	Must Have	Construction Initiatives (14)	N														
4	Near Completion	RMS Housing Application Improvements	Y														
8	Near Completion	Rambler Bucks Off Campus	N														
12	Near Completion	Loyola Alert Phase II	Y														
16	Near Completion	SSOM Salary Planning	Y														
19	Near Completion	Conflict of Interest Disclosure Processs Auto	Y														
5	Critical Date	Support for Eportfolio Pilot & Assessment	Y														
6	Critical Date	Online Courses Initiative	Y														
10	Critical Date	Blackboard v9 Upgrade Preparation	Y														
12	Critical Date	Recruitment Plus System Replacement - Selection	Y														
12	Critical Date	Recruitment Plus System Replacement - Installation	N														
23	Critical Date	R25 Live - Implementation	Y														
25	Critical Date	PNC Bank Interfaces	Y														
1	POR - "A"	LOCUS Enhancements (11)	N														
2	POR - "A"	ECM (7)	N														
3	POR - "A"	DW/BI (4)	N														
9	POR - "A"	Online/Electronic Applications for Study Abroad	Y														
10	POR - "A"	Information Security Program (2)	N														
17	POR - "A"	Enhancements to Immunization Page/Data Mgmt	Y														
17	POR - "A"	Online UGRAD Application Enhancements	Y														
19	POR - "A"	Training/Development of Point & Click Rpts	Y														
--	POR - "A"	Novell (Non-email) Component Migration	N														
6	Defer	Illinois Articulation Initiative															
10	Defer	Information Security Program (5)															
14	Defer	Cell Phone Coverage															
15	Defer	Electronic Outbound Transcripts Feasibility															
21	Defer	Redesign of Non-Affiliated Persons Request															
22	Defer	Enterprise Portal (Student Portion)															
24	Defer	Placement Testing In-House															

LUC ITS Rings of Excellence

Major Initiatives, FY11 Q3-Q4

Academic and Faculty Support

- ▶ LOCUS Enhancements (11)
- ▶ Recruitment Plus System Selection/Replacement
- ▶ Blackboard v9 Upgrade Preparation

Administrative Initiatives

- ▶ PNC Bank Interfaces
- ▶ SSOM Salary Planning
- ▶ Campus Reservations Interfaces (1)
- ▶ Online UGRAD Apps Enhancements
- ▶ Online Apps for Study Aboard
- ▶ Conflict of Interest Disclosure Process Automation

Student Technology Support

- ▶ Rambler Bucks Off Campus
- ▶ Online Courses Initiative
- ▶ RMS Housing Application Improvements
- ▶ Support for ePortfolio Pilot and Assessment

Infrastructure

- ▶ Information Security Program (2)
- ▶ Campus Construction Initiatives (14)
- ▶ Loyola Alert - Phase II
- ▶ Infrastructure Component Strategy
- ▶ Research Data Center

Continuous Service Development

- ▶ R25 Live
- ▶ Enhancements to Immunizations Page/Data Management
- ▶ Enterprise Content Management (7)
- ▶ Business Intelligence/Data Warehouse
- ▶ Training and Development of Point and Click Reports

Project Review Board

Chair: Kevin Smith

Function/Area	Member
Registration & Records	Clare Korinek
Enrollment Management	Tim Heuer
Advancement	Stacie Hughes
Financial Aid	Eric Weems
Marketing & Comm.	John Drevs

Function/Area	Member
Student Financials	John Campbell
Student Development	Cliff Golz
Financial Systems	Rebecca Gomez
Graduate Admissions	Paul Roberts

Charter: The Project Review Board (PRB) is charged with the responsibility of reviewing and prioritizing all work requests that are presented to ITS for application review, installation, development, enhancement or customization. This includes but is not limited to the Student Information Systems.

Agenda

- Project Review Board Update
 - K. Smith
- Cellular Contracts and Support
 - D. Vonder Heide
- Technology Briefing
 - S. Malisch

Cellular Contracts and Support

- Current Environment

Number of Mobile Lines on AT&T

Cellular Contracts and Support

- Recent Inquires
 - Athletics
 - Residence Life
- Other Contracts
 - Purchasing for Conference Services (Verizon)
 - Security (Sprint)
 - IRU's and Other Contracts
- Current ITS Support Activity
- Other Institutions
- Policy / Guidelines / Centralization

Agenda

- Project Review Board Update
 - K. Smith
- Cellular Contracts and Support
 - D. Vonder Heide
- **Technology Briefing**
 - S. Malisch

FY11 Technology Briefing

January 2011

Industry Issues and Priorities

January 2011

Overall Industry Issues and Priorities

- Resources
 - Educause
 - ELI Horizon Report
 - ECAR Study of Undergraduate Students and IT
 - Core Data Service
 - Listservs
 - Gartner
 - Magic Quadrants
 - Hype Cycles
 - Specialized Analysts and Reports
 - Other
 - AJCU; peer and aspirational comparisons
 - The Campus Computing Project
 - CDW-G 21st Century Campus Report
 - Campus Technology
 - Chronicle of Higher Education

Figure 2. Higher Education CIO Institutional/Business Priorities, 2010 and 2013

Ranking	2010	Change	2009	2008	2013
Improving business processes	1	↔	1	1	3
Increasing the use of information/analytics	2	↔	2	3	6
Cutting institution costs	3	↔	3	10	8
Attracting and retaining new customers (students, partnerships and research)	4	↑	5	2	2
Creating new products or services (innovation)	5	↑	7	5	7
Improving institution workforce effectiveness	6	↓	4	9	4
Managing institution change initiatives	7	↑	8	6	1
Creating new sources of competitive advantage (new capabilities)	8	↑	9	8	5
Consolidating business operations	9	↑	*	*	*
Expanding into new markets or geographies	10	↑	*	*	10
Targeting customers and markets more effectively	*	↓	6	4	*
Expanding current customer relationships	*	↓	10	7	*
Managing your environmental impact (green IT and carbon footprint)	*		*	*	9

*Reflects that the priority was not ranked in the top 10.

The top three priorities are highlighted in yellow and demonstrate consistency in 2009 and 2010 and some anticipated changes in 2013.

Source: Gartner CIO Survey, November 2010

Figure 4. Higher Education CIO Technologies: Ranking of CIO Technologies Selected as One of Their Top Five Priorities in 2010

	Ranking	2010	Change	2009	2008
	Servers and storage technologies (including virtualization)	1	↔	1	3
	Cloud computing	2	↑		
	Networking, voice and data communications (includes VoIP)	3	↑	4	1
	Mobility	4	↑		
	Social computing (Web 2.0 technologies)	5	↑	8	*
	Security technologies (access control, authentication, etc.)	6	↓	5	5
	Business intelligence (BI) applications (analysis and mining)	7	↓	2	6
	Data storage and management	8	↑		
	Technical infrastructure management and development (IT management)	9	↓	6	4
	Service-oriented applications and architecture (SOA and SOBA)	10	↑	*	10
	Enterprise applications (ERP, supply chain, CRM, etc.)		↓	3	2
	Collaboration technologies		↓	7	7
	Legacy application modernization, upgrade or replacement		↓	9	9
	Document management		↓	10	8

*Reflects that the priority was not ranked in the top 10.

The top three technology priorities highlighted in yellow provide insights on how CIOs can generate new sources of value for the institution.

EDUCAUSE 2010 Top 10 IT Issues

Top-Ten IT Issues,

- 1 Funding IT
- 2 Administrative/ERP/Information Systems
- 3 Security
- 4 Teaching and Learning with Technology
- 5 Identity/Access Management
- 6 (tie) Disaster Recovery / Business Continuity
- 6 (tie) Governance, Organization, and Leadership
- 7 Agility, Adaptability, and Responsiveness
- 8 Learning Management Systems
- 9 Strategic Planning
- 10 Infrastructure/Cyberinfrastructure

Relevant Initiatives at Loyola:

1. Leverage Technology Fee; Prioritization; Incr. Outsourcing
2. Expanding use of SIS modules; Increased integration
3. Action phases of security program; PII/PCI stable
4. Distance Learning Initiative; iTunes; Clickers; FOT
5. Novell migration; Federated model
6. Consulting with CDW to mature plan
6. Prioritization increased importance; Committees; PMO
7. Tech Briefings; Conference Engagement; Governance
8. Mobile access; open source strategy
9. Tools include scorecards, roadmap, TAC's; more to do
10. Internet2; Federated Identity; Mobile; Policies

FY10 LUC Technology Scorecards

ITS FY10 Academic & Faculty Support Scorecard

Technology Roadmap Alignment to Core Items	Technology / Operation	Health Index			Current State	Healthy Definition
		Health	Score	FY Change		
Classroom Control System (Creation)	Classroom Technology and Support <i>As of 10/1/09</i>		5	→	Systems and present discussion are fully functional. Moving to panoramic views on the web for all classrooms and enhanced remote management of projector lamp management.	Technology in the classroom is generally available to augment the learning experience, is consistently operational, and technical support is readily available.
Learning Management System (Blackboard LMS)	Learning Management System <i>As of 10/1/09</i>		4.5	←	Current release is fully operational. Adoption of "Grade Center" function continues to grow. iClicker function and Community System functions have been added. Expectations from students on faculty use have increased.	System is widely used by faculty, is fully functional in terms of it's components, and technical support and training are readily available.
Departmental Labs	Departmental Labs <i>As of 10/1/09</i>		5	→	Computer Science model is fully functional. New SOC with SOC to further develop labs unique to SOC.	Departmental Labs are funded under red/white programs, and centrally managed and supported. Exceptions as appropriate (i.e. Computer Science, SOC).
Web Content Management (Serna College)	Department & School Support <i>As of 10/1/09</i>		4	→	Library and Law have SOC's, and Computer Science departmental support is operating effectively. New SOC with SOC being finalized. Continue to extend services to departmental meeting level.	Clients are fully aware of and utilize ITS services. (Work on awareness of web service resources).
LUC Libraries (TV usage)	<i>As of 10/1/09</i>					

ITS FY10 Infrastructure Scorecard

Technology Roadmap Alignment to Core Items	Technology / Operation	Health Index			Current State	Healthy Definition
		Health	Score	FY Change		
Network (Class Core)	Network: - Intra-campus - Internet - External campus <i>As of 10/1/09</i>		4.5	←	Enhanced demand and use of internet may require bandwidth increases in FY11.	Adequate bandwidth with failover capabilities. Self-healing capabilities.
Network Access Control (Broadband)	Security Management <i>As of 10/1/09</i>		2.5	←	LDAP and DNS initiatives with single sign-on for all systems in place for LUC. Completed initial phase for shared identity (login id) management enabling LUC LUNIC to "share" user ids and passwords, preventing the creation of duplicate ids. Current project underway required to improve access to shared services and collaboration tools.	Single Sign-On tools and processes are established, enabled and maintained.
Network Services (Novell, Directory, DNS)	Human Resources <i>As of 10/1/09</i>		4	→	LDAP being deployed to south end of campus to support S/Database, Office, Sullivan. WTC upgrade being reviewed and possibly tied to WTC data center upgrade.	Single standard-based offerings from provider. Expansion and upgrade options.
Service, Storage, Backup	Finance <i>As of 10/1/09</i>		4	→		

ITS FY10 Administrative Technology Scorecard

Technology Roadmap Alignment to Core Items	Technology / Operation	Health Index			Current State	Healthy Definition
		Health	Score	FY Change		
Payment Gateway (TouchNet Payroll TPV)	Credit Card Processing <i>As of 10/1/09</i>		5	→	Cities access via VPN, no secure, PCI compliant.	Adding credit card acceptance is controlled by a well defined, easy to use process. PCI compliant.
Admission	Admission <i>As of 10/1/09</i>		4.5	→	Advancement Smartest all applications current with updates. hardware are refreshed, databases are all updated to 10g. Internal audit results are pending.	ITS provides advancement on development and technologies with ADU team. Collaboration systems with required functionality. New acquisition and integration of solutions occur proactively.
Admission Relations (Advantage)	Enrollment Management <i>As of 10/1/09</i>		3.5	→	Next Step Loyola added in FY10, new staff in place. grad and undergrad applications brought in-house with train line integration. Statistical data is automated in disparate applications and some reporting is manual.	Operations and data are managed in centrally integrated systems with work flow process in place (limited support provided by ITS).
Student Recruiting (Recruitment Plus)	Data Warehouse, Reporting <i>As of 10/1/09</i>		3	→	Initial internal interviews conducted, strategy near completion. Data Governance Committee established, ITILSC reviewed and approved.	Single source of truth for data (data warehouse), agreement and consistent data definitions and reporting elements, verified operational and operational reporting.
Student System Reporting (PS RDS)	Enterprise Content Mgmt <i>As of 10/1/09</i>		4	→	Roll-out in progress. Multiple functional areas are live. ROI value is meeting expectations.	Enterprise strategy in place and leveraged where appropriate.
Business Intelligence (BI) Service	Budget Application <i>As of 10/1/09</i>		4.5	←	Budget application is functional with no material change. Opportunities exist to automate and improve integration in budget submission processes.	Fully integrated single system, web-based with user friendly front end.
Enterprise Content Management (DocuWare)	Faculty Info System <i>As of 10/1/09</i>		5	→		Single source of truth for faculty information and faculty.

ITS FY10 Continuous Service Improvement Scorecard

Technology Roadmap Alignment to Core Items	Technology / Operation	Health Index			Current State	Healthy Definition
		Health	Score	FY Change		
Strategy, Desktop, P, Office	Technology Service and Support (Help Desk) <i>As of 10/1/09</i>		4	→	System implemented and being used by clients. Additional end-user awareness and report capabilities needed. Internal process opportunities.	Full function web-based tracking and reporting system with self-service capabilities.
	<i>As of 10/1/09</i>		4	→	Flow of operations extended, but demand for expanded support hours from students and faculty and staff (video events) continues.	Extended hour support as appropriate for defined client groups and systems.
	Skills sets, professional development <i>As of 10/1/09</i>		4	→	Development plans are in place to improve needed skills and competencies. Succession plans being updated for key roles. Skillset overlap (coverage) is limited.	Skills are current with newest technologies and are possessed by all appropriate staff. Training plans developed and executed.
	Project Management <i>As of 10/1/09</i>		4	→	Process continues to mature. In progress items identified via internal ITS survey.	Well defined flexible processes that are easy to understand and follow to insure timely, successful delivery.
	Research & Development <i>As of 10/1/09</i>		2.5	→	R&D efforts improved in 30 days Services. Dedicated R&D resources roles do not exist across ITS. New enterprise architecture processes are under review.	ITS actively integrates and researches products, processes, and services, and then applies that knowledge to improving service offerings.

ITS FY10 Student Technology Scorecard

Technology Roadmap Alignment to Core Items	Technology / Operation	Health Index			Current State	Healthy Definition
		Health	Score	FY Change		
Access Services	Wireless <i>As of 10/1/09</i>		5	→	Continued expansion of wireless access on campus and new computer registration process. Over 100 access points. 801.1 In access points being deployed (JC and Campus).	ubiquity of campus locations offer wireless access. Refresh funding in place. Easy authentication process.
Parking (JC)	Student Email <i>As of 10/1/09</i>		4	→	Outdated systems being reviewed and vetted with university stakeholders.	Reliable, quick mail delivery, easy to use, adequate retention and storage.
Faculty Mail (Leaf Mail)	Computer Labs <i>As of 10/1/09</i>		5	→	Widely available. Student request to access facilities and resources for extended hours continues to grow.	Access to labs and resources is widely available and reliable.
<i>As of 10/1/09</i>	Student Information Systems <i>As of 10/1/09</i>		4.25	→	Progress has been made in utilizing more of the modules for student record keeping such as in the advising areas (C's and Collections Modules).	Current version with minimal customization. Primary modules are fully utilized. Vendor responsive and forward thinking. Full participation in User Group by Loyola user community. Training and documentation are current.
Student System (PS Campus Solutions)	Campus Card <i>As of 10/1/09</i>		4	→	Replacement system from CBORD is being implemented with completion scheduled in Dec 2009. Re-brand new servers, complete IP based system, no SSN's required.	Fully duplicated systems running current software with commercial DB such as Oracle (SSN's, a low low, little emphasis on app or OS, unattended by vendor, no test system or redundancy).
Student Portal (PS Enterprise Portal)	Student Support Services (RESNET) <i>As of 10/1/09</i>		5	→	Service is used regularly. 3d grand service to Help Desk system (RE AT) and are providing more face-to-face consultations for network registration.	Technology services are readily available to resident hall students. Knowledgebase for support is professional and accessible.
Student Loan Mgmt. (ECSI)	Emergency Notifications System <i>As of 10/1/09</i>		4	→	System operating with improved reporting. Efforts underway to increase participation and to refine annual reporting process and automating updates.	System in place with automated updates. Tired capability to notify various groups as appropriate. Reliable and complete reporting.
Web Content System (Blackboard Commons)	Wireless <i>As of 10/1/09</i>		5	New	No outstanding issues known at this time.	Student services offered on-line, records are electronic and secure.
Wireless Center (Point and Click)	Housing Administration <i>As of 10/1/09</i>		3.5	→	Plans for web based room application selection for all students is underway. Newly admitted students provide contacts online. Reporting enhancements underway.	Web-based self-service room selection, positive occupancy reporting.
Housing (RMS)	<i>As of 10/1/09</i>					
	Overall		4.4	→		

ITS FY10 Governance & Funding Scorecard

Technology Roadmap Alignment to Core Items	Technology / Operation	Health Index			Current State	Healthy Definition
		Health	Score	FY Change		
Virtual	Technology Strategy <i>As of 10/1/09</i>		4	→	Technology review and acquisition process created.	An inform on technology review process defines and aligns core technology selection.
	Business Impact <i>As of 10/1/09</i>		4	→	Project priorities being vetted at the sub-committee and ITS SC level. Business cases and benefits developed for strategic projects.	Business cases are developed, prioritized, and ready used to make IT investment decisions.
<i>As of 10/1/09</i>	Enterprise Architecture <i>As of 10/1/09</i>		3	→	Technology Roadmap established. ARJ reconfigured and operational.	Formal architecture review based is established. Roadmap and master plan defined, applied, and understood.
	Budgeting <i>As of 10/1/09</i>		4	→	ITS budgeting process is consistent and remains collaborative with the functional areas. Student Technology fee implemented in FY 10.	Storage and annual planning processes are integrated and utilized for developing capital and expense budgets.
	Technology Investments <i>As of 10/1/09</i>		4	→	ITS investments consistently vetted at the ITS SC and subcommittees.	IT investments are rationalized and considered from an enterprise or cross functional perspective.
	Technology Procurement <i>As of 10/1/09</i>		4.5	→	Partnership with purchasing continues to be effective. The technology fee has created an innovative way to fund IT initiatives. Grant research has been initiated.	Technology procurement is standardized and strategically aligned and leveraged (Procure and grant process exceptions). Refresh programs in place for core technologies.
	Vendor Partnerships <i>As of 10/1/09</i>		4.5	→	AUCU shared services efforts continue. Regular review of major contracts have proven effective.	Storage relationships with IT vendors have been fully established and leveraged.
	Contract Management <i>As of 10/1/09</i>		4	→	Contract management process is stable and consistent. All ITS technology contracts being reviewed and organized electronically.	Processes and accountability for managing IT contracts well clear and effective.
	Resource Utilization <i>As of 10/1/09</i>		3	→	Project prioritization continues to drive resource placement. Opportunities to take next steps with resource planning exist.	Labor resources are focused on adding new value while retaining current operations.
	Overall		3.9	→		

Targeted Technology Trends

January 2011

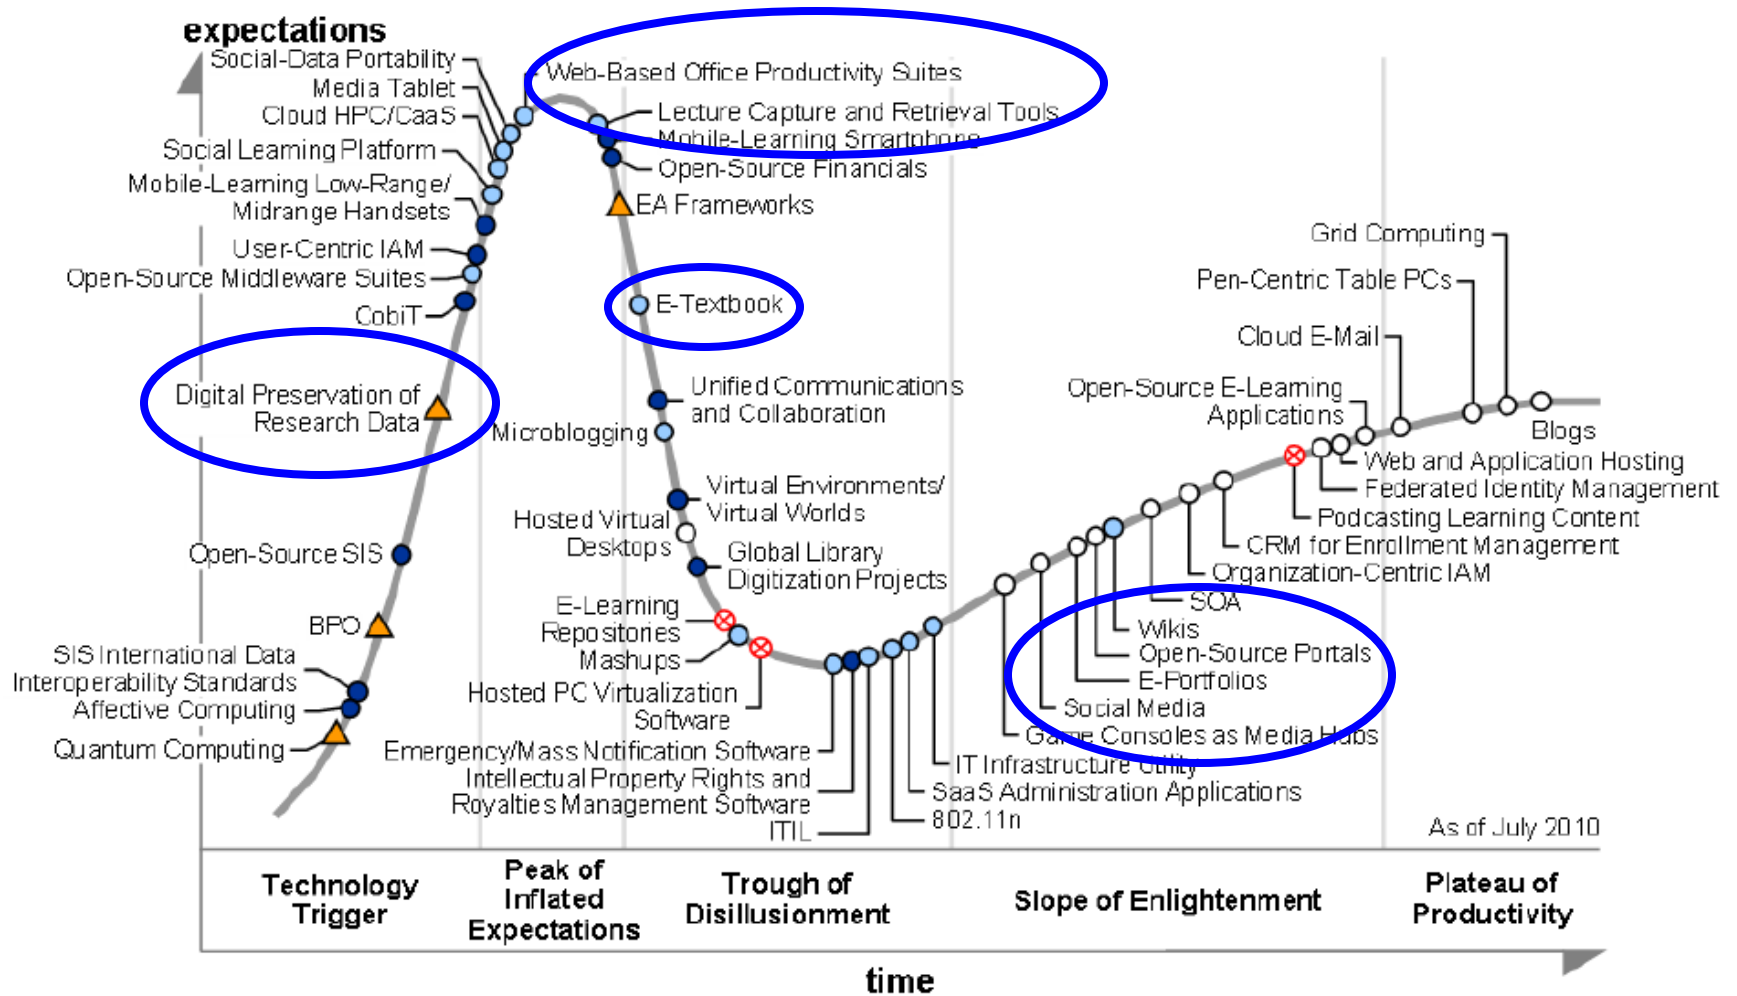

Technology Maturity: Gartner Hype Cycles

expectations

2010 Gartner Hype Cycle for Education

Figure 1. Hype Cycle for Education, 2010

Years to mainstream adoption:

○ less than 2 years

● 2 to 5 years

● 5 to 10 years

▲ more than 10 years

⊗ obsolete

⊗ before plateau

Campus Computing 2010

Response for ALL University Classifications

Single Most Important IT Issue for Private Universities:

1. Network & Data Security (17.8%)
2. Supporting Online/Distance Education (15.6%)
3. Financing Replacement of Aging IT (13.3%)

Figure 2: Single Most Important IT Issue, 2009 vs. 2010 (percentages)

Source: Campus Computing Survey 2010

Emergency Notification Services

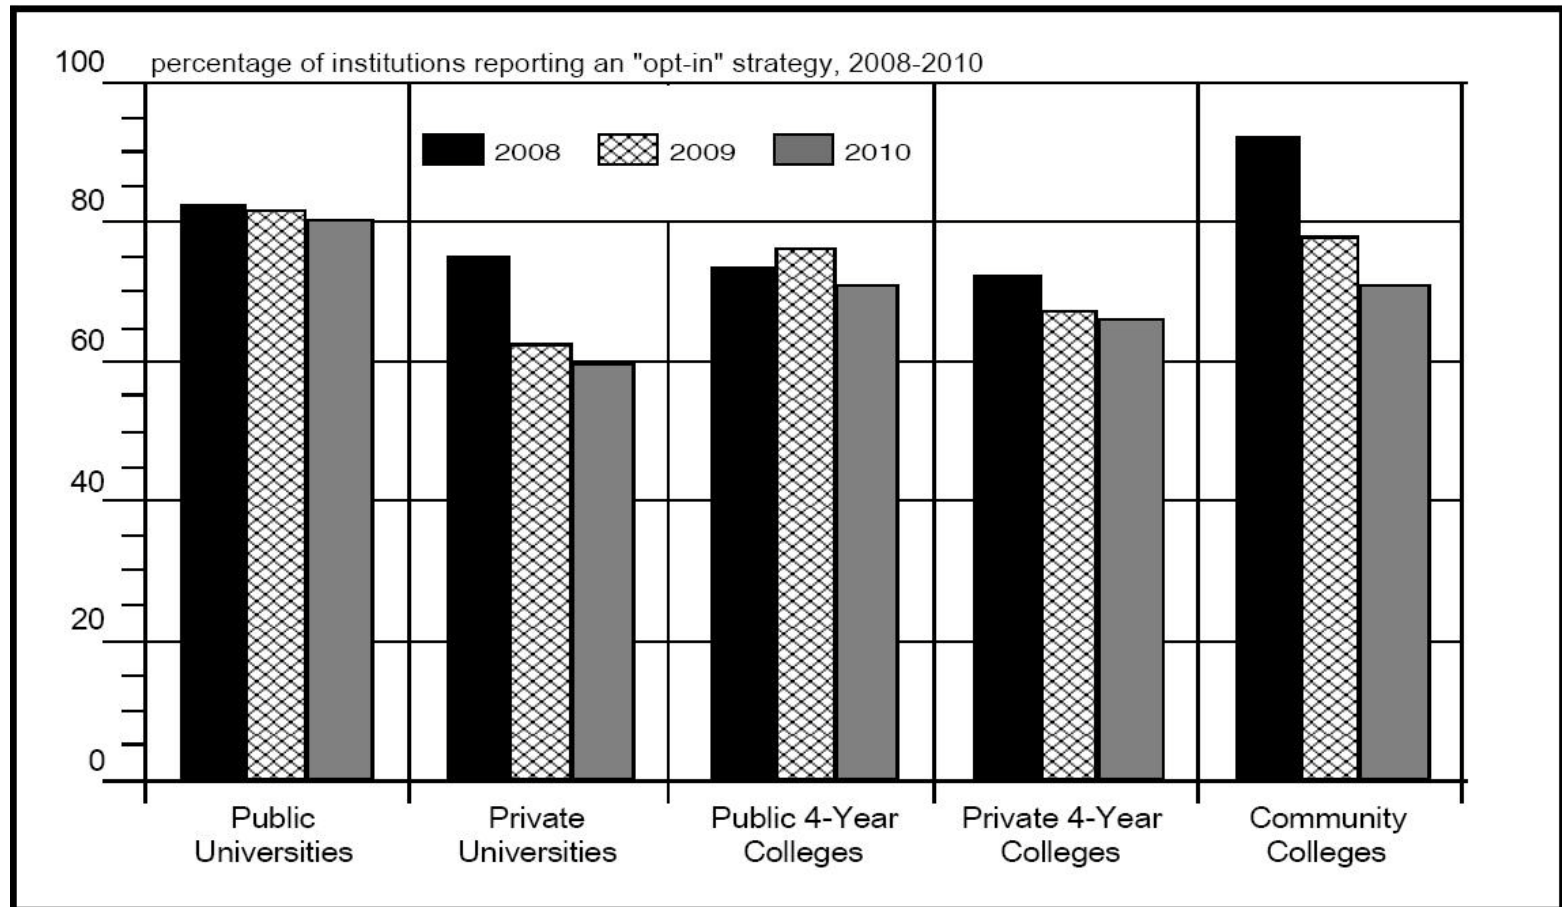

Figure 9: Opt-In (Voluntary) Registration Policy for Emergency Notification Services (percentages by sector, 2008-2010)

Learning Management Systems (LMS)

- Across sectors in Fall 2010, Blackboard ranges 47.8 % - 68.8% market share
- Open Source LMS's (Moodle and Sakai) now account for a fifth (21%) of campus standard LMS's (up from 13.3% in 2008)
- Blackboard's share of the higher ed. LMS market continues to decline
- Almost three-fourths (73.4 percent) report their institutions are "reviewing options for the campus standard LMS" in response to budget pressures

Figure 16: Campus LMS Providers, 2010 (percentages for campuses reporting a "single product campus-wide LMS standard," by sector).

Source: Campus Computing Survey 2010

LMS Utilization

- Usage does not indicate depth of deployment, how many features, how much functionality used
- “80/20 rule”; activity to functionality

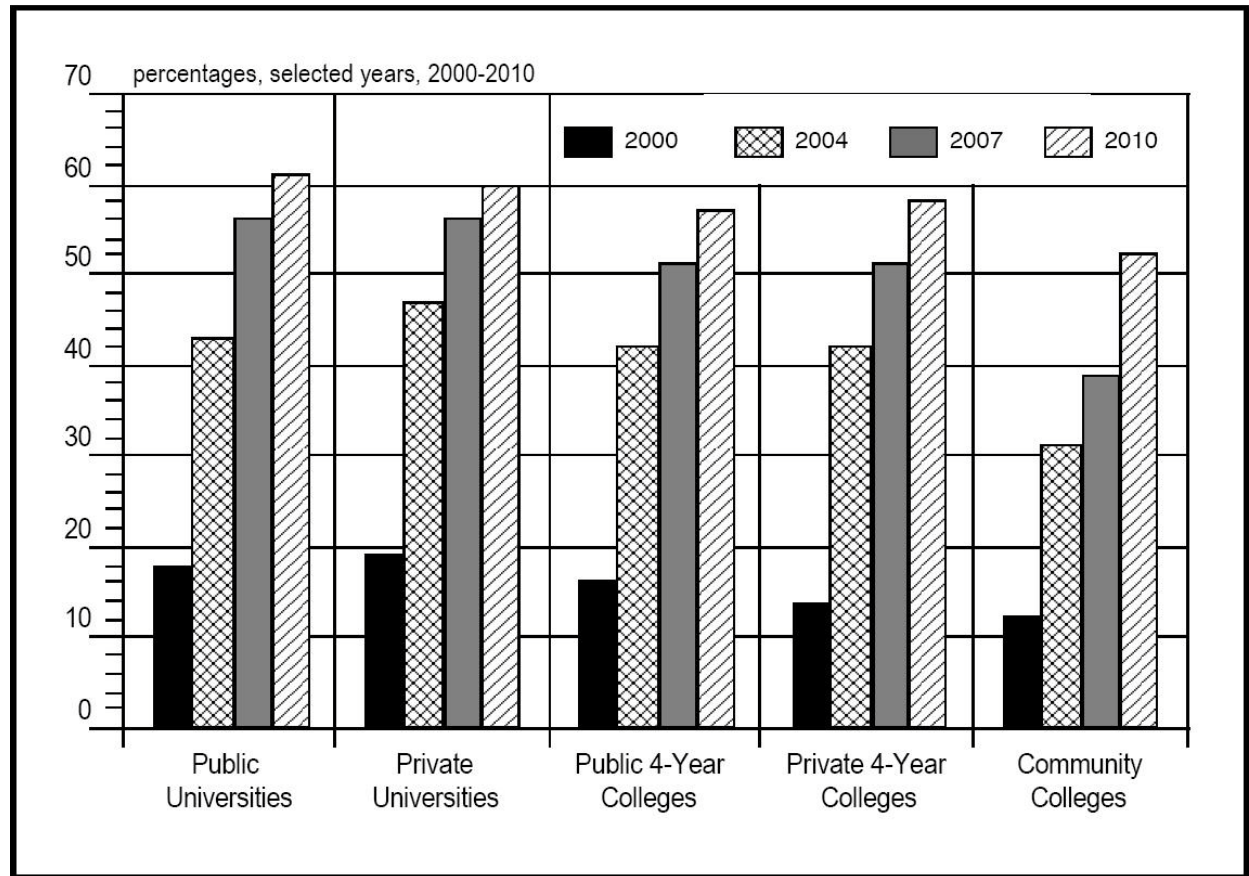

Figure 15: Rising Use of CMS/LMS in Instruction (percentage of courses using the CMS/LMS, by sector, selected years 2000-2010)

Mobile Applications

- Over 70% respondents “agree/strongly agree” that mobile (LMS) apps are important to enhance instructional services/campus resources.
- Mobile apps viewed as new campus portal
- Blackboard is early entry vendor
- According to Student Monitor 2010 survey of undergrads, students increasingly expect their universities to provide the kinds of “app-based” resources and services they enjoy as consumers

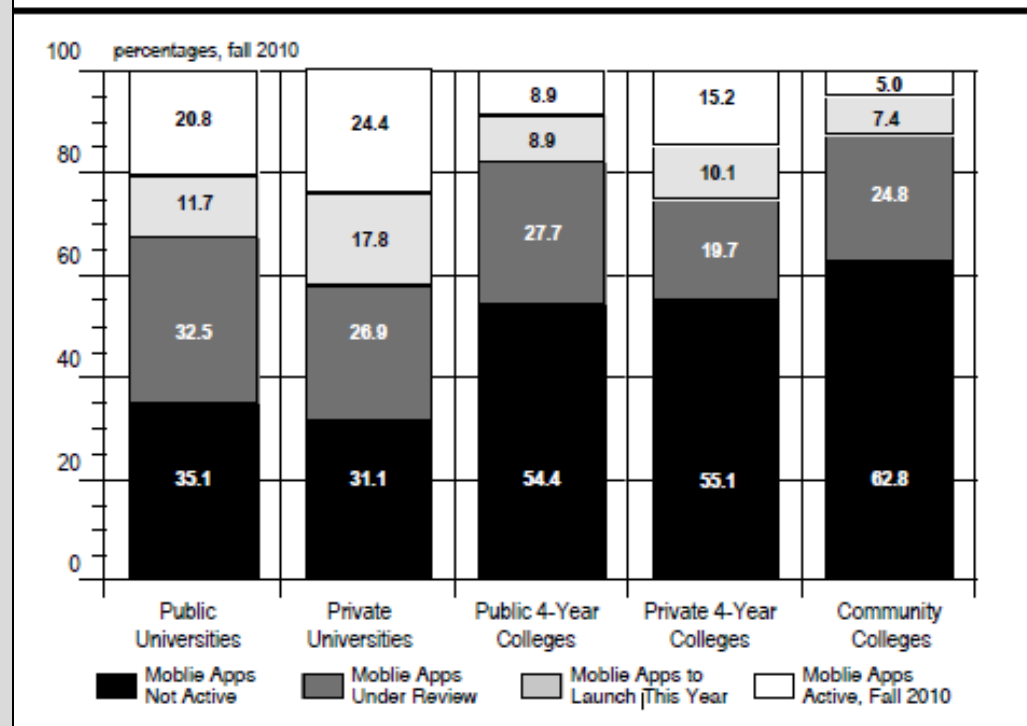

Figure 20: Mobile App Deployment (percentages by sector, fall 2010)

ePortfolios

- Attention and traction growing in recent years as part of the increased campus discussions about assessment and student outcomes.
- LUC pilot of eSimplicity last two years.
- Selection of enterprise solution scheduled for March 2011.
- Rollout planned for Summer 2011.

Figure 32: ePortfolio Resources Are Available on the Campus Portal
(percentages by sector, 2005-2009)

Source: Campus Computing Survey 2010

Web 2.0 Tools (Social Media)

Beyond Facebook and YouTube adoption is slower.

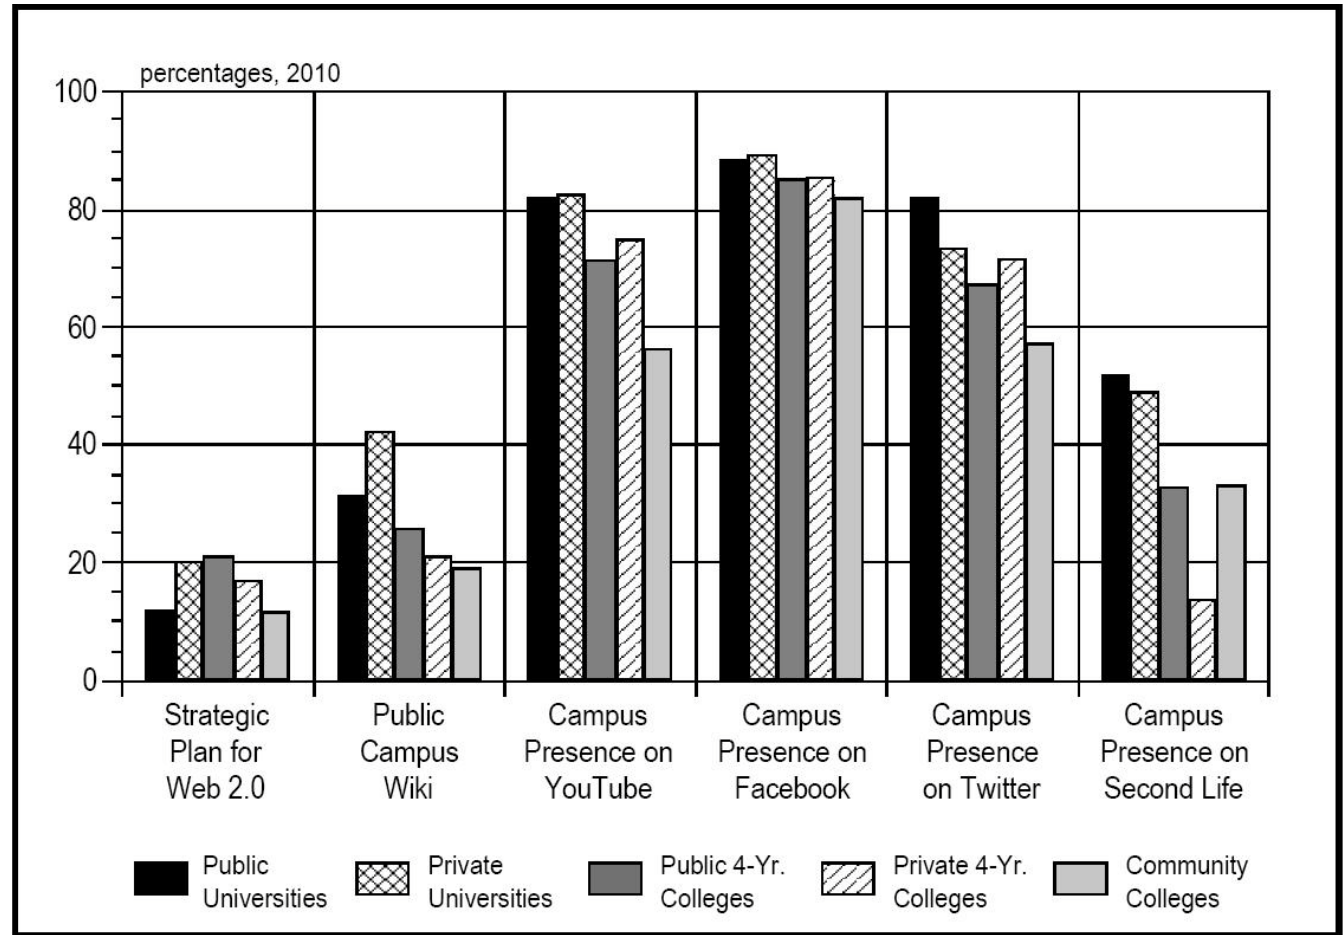

Figure 33: Web 2.0 Activities (percentages by sector, fall 2010)

Source: Campus Computing Survey 2010

What Did Loyola Students Say?

Student Technology Survey – August 2010

“3 Things ITS Can Improve On”

“More computer labs in WT Campus.”

“The DML needs way more computers.”

“More laptops to check out.”

“Please make Blackboard and LOCUS available on mobile phones.”

“Push teachers to use all of our technological services and programs!”

“More computers in the labs on both campuses.”

“Make an iPhone App for the ITS department.”

“Make duplex printing the standard printing option.”

“Better printing services, More Mac options, Better registration process.”

“GroupWise.”

“Better WiFi.”

ECAR Study of Undergraduate Students and IT, 2010

ECAR STUDENT STUDY TRENDS, 2007–2010

- Ownership of an Internet-capable handheld device increased (51% in 2009, 63% in 2010).
 - For owners of an Internet-capable handheld device, daily use of the Internet with that device increased (29% in 2009, 43% in 2010).
 - Daily use of text messaging increased (53% in 2008, 66% in 2009, 73% in 2010).
 - Daily use of instant messaging decreased (48% in 2007, 33% in 2008, 28% in 2009, 24% in 2010).
 - Daily use of social networking websites increased (49% in 2007, 57% in 2008, 61% in 2009, 59% in 2010).
 - Students enrolled in at least one entirely online course increased (15% in 2008, 20% in 2010).
 - Daily use of course or learning management systems increased (21% in 2008, 23% in 2009, 35% in 2010).
-

Observations

ECAR Study of Undergraduate Students and Information Technology, 2010

1. Web-based technologies' use in courses has arrived.
2. Mobile web use is growing.
3. Instructors continue to need training in effective use of technology.
4. Students also need training in technology.
5. With more online courses, IT services need to be reliable.

Mobile Device Use

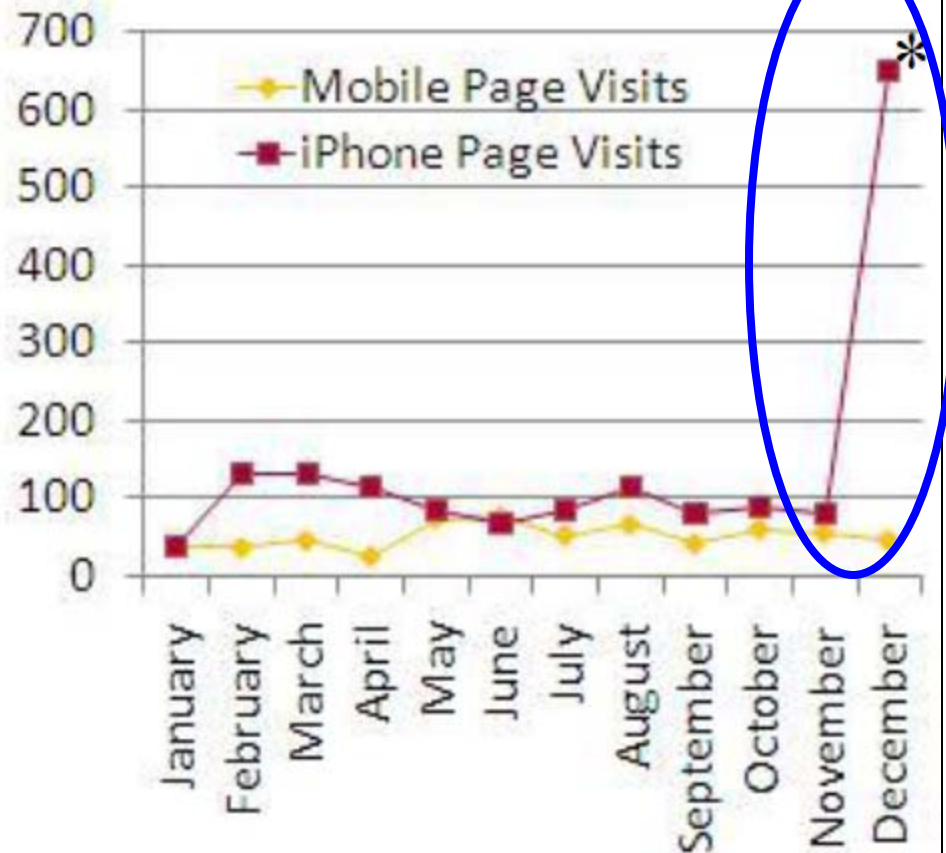

ECAR Study of Undergraduate Students and Information Technology, 2010

Loyola Mobile

- Over 3,500 iPhone downloads since Fall 2010
 - Over 16,000 information requests to the student system for grades, holds, and schedules
 - AND....

Mobile Page Views

* With the creation of a Loyola University Chicago iPhone app in 2010 and the inclusion of the Alumni Association shortcut, our iPhone pages saw a significant traffic boost.

Social Networking Use

ECAR Study of Undergraduate Students and Information Technology, 2010

Students Who
Have Used Social
Networking
Websites, by Age,
2007 to 2010

LUC Sample Social Media

Rapid growth in examples of engaging alumni using Social Media tools

Source: LUC Alumni Association 2010 Summary Report

- > Number of unique page views: 6,679
- > Number of fan interactions (comments, likes, posts): 915
- > +34.8% increase in fans since 2009

Meet LU Wolf!

In addition to the official Loyola University Alumni Association Facebook group, alums and students alike are getting to know our mascot, LU Wolf through Facebook. LU Wolf garnered 418 friends in 2010 – many of them future alumni who are already connecting with the Alumni Association via their interactions with LU.

LinkedIn

- > +29.4% increase in members in 2010

Twitter

- > Number of tweets sent: 590
- > Number of re-tweets: 166
- > +84.9% increase in followers in 2010

* These numbers are from the Loyola University Chicago Alumni Association Facebook fan page.

Preparing people to lead extraordinary lives

Use of Technology in Coursework

ECAR Study of Undergraduate Students and Information Technology, 2010

Table 6-1. Core Technologies Used in Courses the Quarter/Semester of the Survey, by Class Standing and Overall

	Seniors (N = 15,586)	Freshmen (N = 12,408)	Students from Two-Year Institutions (N = 4,559)	All Students (N = 36,950)*
Used by Many Students				
College/university library website	73.4%	68.7%	59.6%	69.7%
Presentation software (PowerPoint, etc.)	75.0%	61.9%	52.6%	66.8%
Course or learning management system	70.9%	61.5%	61.4%	66.5%
Spreadsheets (Excel, etc.)	52.0%	38.2%	36.5%	44.9%

Figure 6-4. Change in Use of Course Management System from 2008 to 2010

Preparing people to lead extraordinary lives

Use of Technology in Coursework

ECAR Study of Undergraduate Students and Information Technology, 2010

Convenience is leading factor in using technology in coursework over Student Engagement, Learning, and Workplace Preparedness

IT in Courses

LUC Technology Strategy - A Roadmap for Change

September 13, 2010

Emerging

Goal: Research/Watch

- ePortfolio Solutions
- Federated Identity Mgmt (Shibboleth, InCommon)
- Enterprise Conference Calling
- File Storage
- File & eMail Archiving
- File Sharing & Remote File Access
- Online Learning Programs
- Webinar/Online Classroom Tool (Adobe)
- Desktop Productivity (Microsoft Office-2010)
- eFax Solutions
- Antivirus Tools/Virus Protection
- Virtual Private Network
- eMail & Communication Solutions
- Learning Management Alternatives
- eTranscripts Solutions
- Personal Website/Portal (Orion Replacement)
- MS SQL Database (2008)
- Enterprise Database (Oracle 11g)
- Network Access Control
- Network Services (Novell, eDirectory, Active Directory, IDM3)
- Microsoft O/S (Windows 7)
- **Distributed Antenna System**

Tactical

Goal: Optimize

- Room & Event Scheduling (R25 Suite, Kinetics, Groupwise)
- Conference Services (Kinetics)
- Study Abroad Online Application (Custom)
- Desktop Productivity (Microsoft Office-2007)
- Admission Decision Application (UGRAD/GRAD, Custom)
- Learning Mgmt (Blackboard LMS 9.1)
- Web/Content Mgmt Solution (Terminal 4)
- **Server Virtualization**
- **Desktop Virtualization**

Strategic

Goal: Invest/Transform

- Enterprise Data Warehouse / Business Intelligence
- Enterprise Content Mgmt (DocFinity 10)
- Admitted Student Portal (Custom)
- Housing-Self Service (RMS Web)
- Mobile Applications (Blackboard, Custom)
- **Web Server Platform (Web Logic Suite)**

Containment

Goal: No New Development

- Student System Reporting (PS RDS)
- Web/Content Mgmt (Serena Collage)
- Enterprise Content Mgmt (DocFinity 9)
- **Enterprise Database (Oracle 10g)**
- **MS SQL Database (2005)**
- Microsoft O/S (Windows XP)
- Virtual Private Network (F5 Firepass)

Retirement

Goal: To Be Eliminated

- eMail (GroupWise 7)
- **MS SQL Database (2000)**

Core

Goal: Current State Foundation

- Student System (PS Campus Solutions)
- Student Portal (PS Enterprise Portal)
- Enterprise Content Mgmt (DocFinity)
- eCommerce System (CBORD)
- Student System Reporting (PS RDS)
- Business Intelligence (WebFocus)
- Learning Mgmt (Blackboard LMS)
- G/L & HR (Lawson)
- Alumni Relations (Advance)
- Predictive Dialing (SmartCall)
- Student Recruiting (Recruitment Plus)
- Housing (RMS)
- Student Loan Mgmt. (ECSI)
- Payment Gateway (TouchNet Paypath/TPG)
- Faculty Salary Planning (Custom)
- Staff Salary Planning (Custom)
- Wellness Center (Point and Click)
- LUC Libraries (Voyager)
- Access Security (Maxxess)
- Parking (Maxxess)
- Classroom Control System (Crestron)
- Room & Event Scheduling (R25 Suite, Kinetics, Groupwise)
- Web/Content Mgmt (Terminal 4)
- Online Admission Applications (UGRAD/GRAD, Custom)
- Admitted Student Portal (Custom)
- Mobile Applications (Blackboard, Custom)
- Desktop Productivity (Microsoft Office)
- eMail (GroupWise)
- **Network Services (Novell, eDirectory, Active Directory, IDM3)**
- **Network Access Control (Bradford)**
- **Virtual Private Network (F5 Firepass)**
- **Enterprise Database (Oracle, MS SQL)**
- **Spam Filtering (MailFoundry)**
- **Network (Cisco Core)**
- **Desktop/Laptop, Standard Intel (Dell, Lenovo)**
- **Server, Standard (IBM)**
- **Storage/SAN (IBM SAN)**
- **Specialized Equipment (Macintosh/Blackberry)**

Solution

Software

Hardware

Significant Technology Changes Underway at LUC

1. Learning Outcomes and Assessment (ePortfolio)
2. Enrollment Management (Recruitment Plus Replacement)
3. Online Classroom Tool (Adobe Connect)
4. Infrastructure Components (Novell Product Replacements)
5. Web Content Management (Terminal 4)
6. Data Warehouse/Business Intelligence Tools (IBI Analytics Packages)

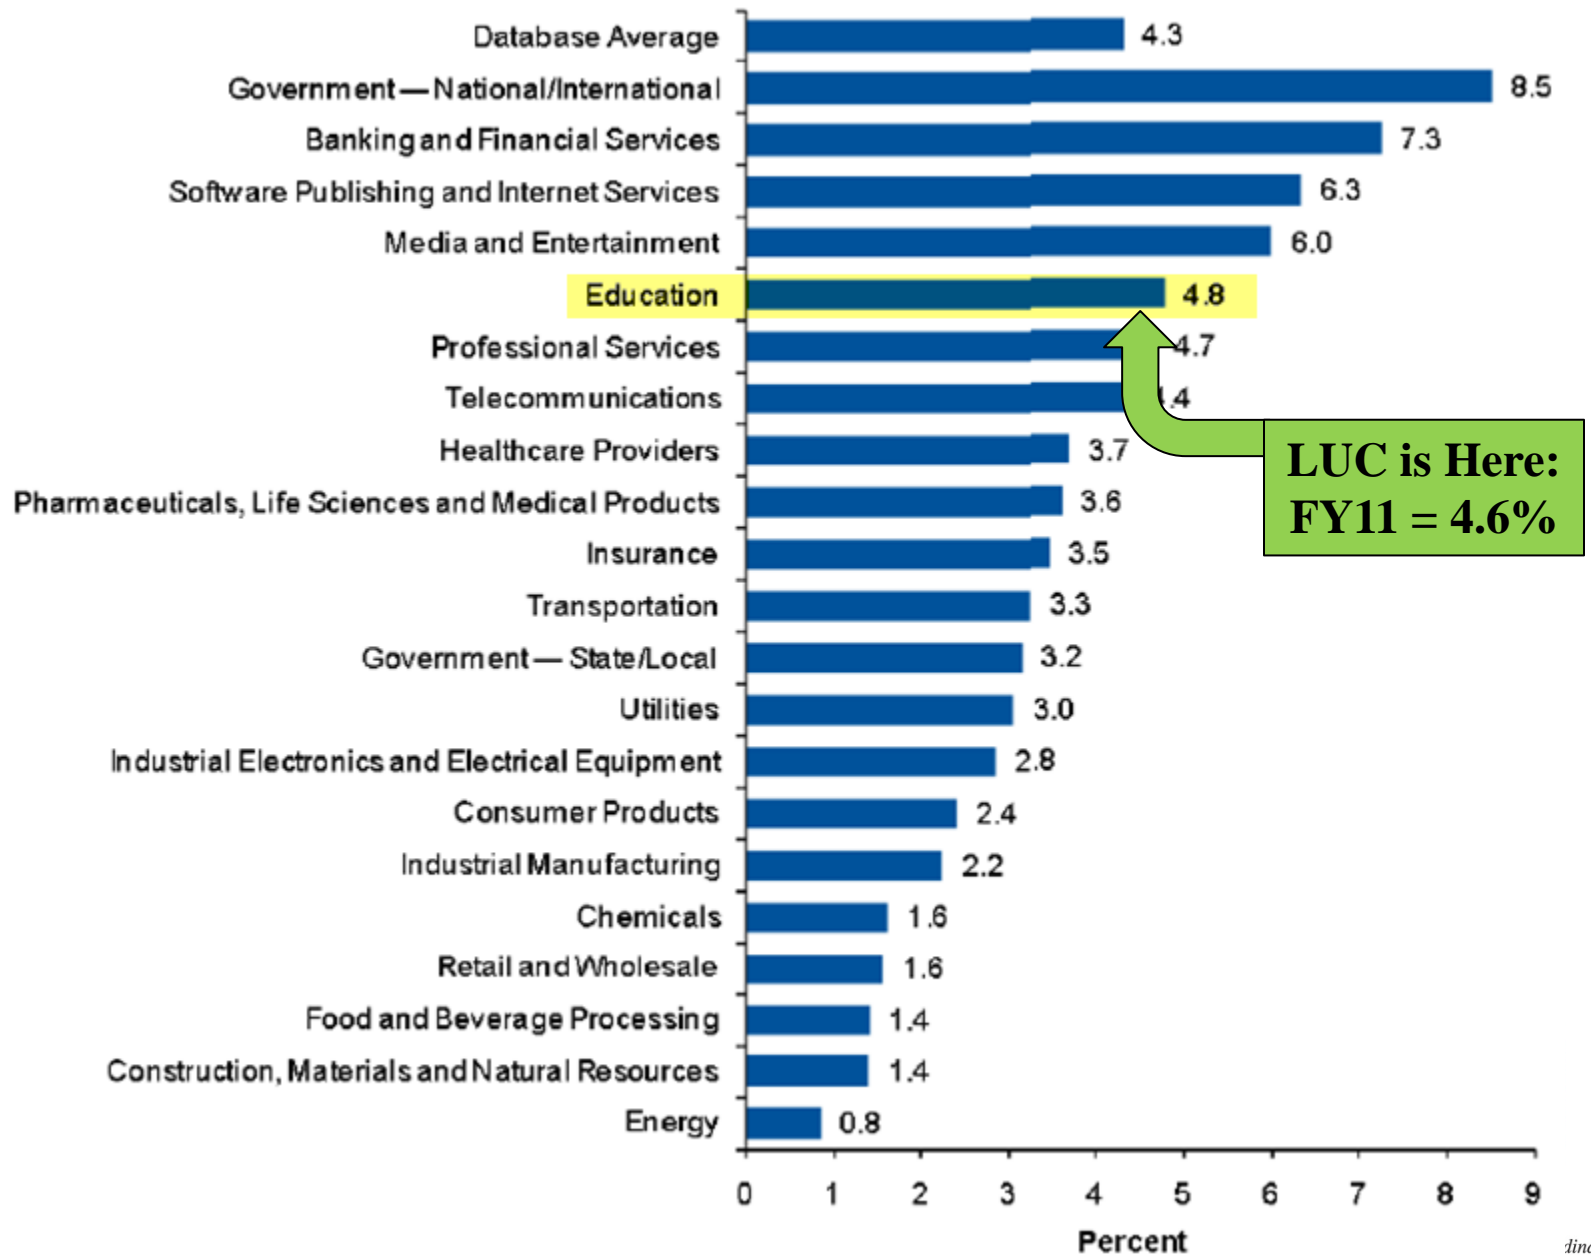

Budget and Strategic Investments

January 2011

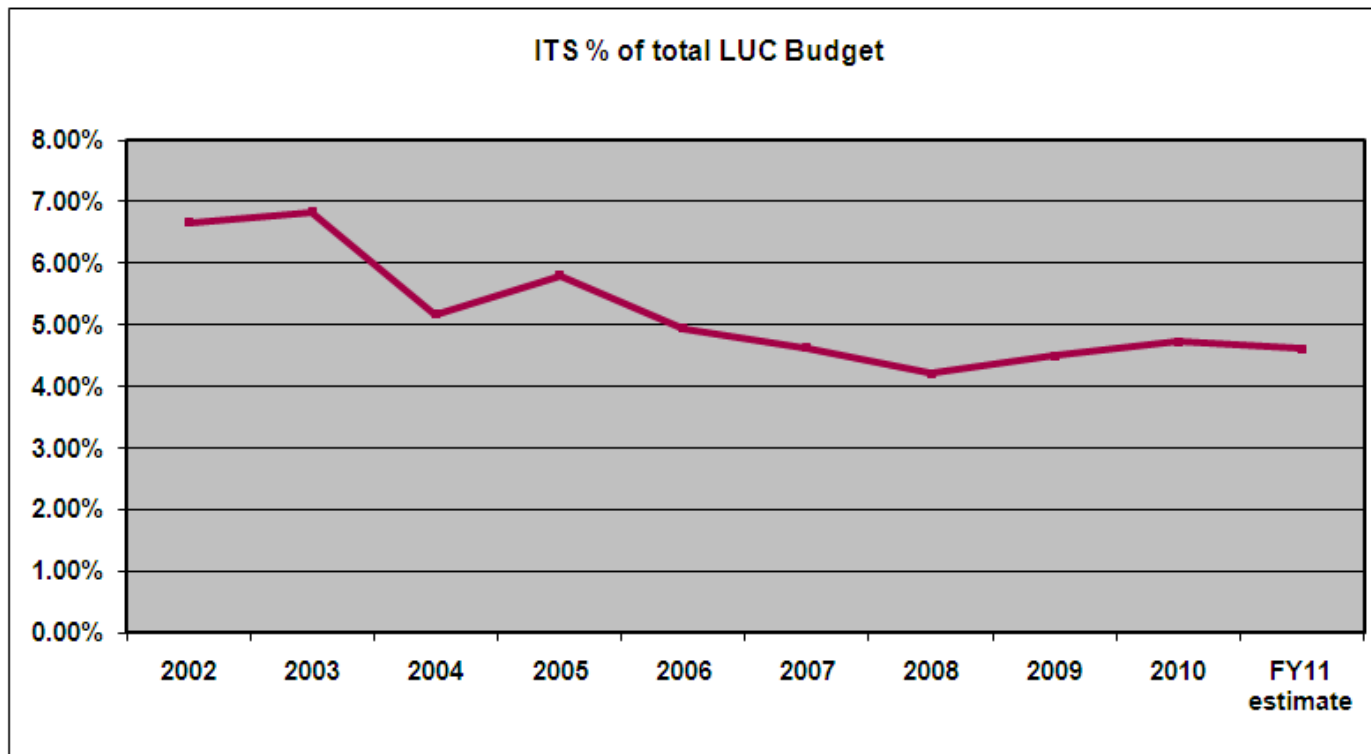

Figure 8. IT Spending as a Percent of Operating Expense, by Industry, 2010

LUC ITS Budget Benchmarking

	2002	2003	2004	2005	2006	2007	2008	2009	2010	FY11 estimate
LUC Expense Budget	\$154.8	\$144.5	\$142.2	\$163.8	\$208.0	\$249.7	\$297.5	\$313.8	\$327.4	\$343.2
ITS BUDGET	\$10.3	\$9.9	\$7.3	\$9.5	\$10.3	\$11.5	\$12.5	\$14.1	\$15.5	\$15.8
ITS as % of LUC	6.65%	6.83%	5.16%	5.80%	4.94%	4.62%	4.21%	4.49%	4.72%	4.60%

Lead extraordinary lives

CIO IT budgets vary by industry and geography

Industry	2011 CIO IT budget change		Percentage of responses		
	Weighted	Unweighted	Increasing	No change	Decreasing
Consumer, retail, media	+2.3%	+5.5%	47%	38%	15%
Education	+0.6%	+0.9%	29%	52%	19%
Energy and commodities	-2.9%	+3.7%	37%	40%	23%
Financial services	+1.0%	+3.9%	44%	42%	14%
Government	+1.0%	+1.2%	28%	51%	21%
Healthcare	+1.0%	+2.9%	38%	49%	13%
Manufacturing	+3.7%	+4.9%	51%	33%	16%
Professional services	+1.0%	+4.4%	42%	44%	14%
Telecom and technology	-0.1%	+4.1%	36%	47%	17%
Transportation and wholesale	+5.2%	+7.1%	46%	42%	12%
Utilities	-2.9%	+5.5%	44%	47%	9%
Geography					
North America	+2.0%	+3.3%	41%	45%	14%
Europe, Middle East and Africa	-0.3%	+3.8%	40%	44%	16%
Asia/Pacific	+1.0%	+5.0%	37%	43%	17%

- Weighted CIO IT budget changes incorporate the size of the budget into the overall figure.
- Unweighted CIO IT budget changes are the average of each company regardless of budget size.

IT Budget by Major Activity

“Game Changers”

1. Electronic document management projects (ECM) (LUC SP Strategy 1,5)
 - 12 Areas Live in 2010, 17 total
 - Average 75% process improvement on key user metrics
 - 10+ areas scheduled for 2011
 - Featured Case Study with Fujitsu targeted for Spring 2011
2. Expand Mobile Access to Student Services (LUC SP Strategy 5)
 - LUC Featured Case Study in EDUCAUSE Quarterly Review Spring 2011
3. Data Warehousing/Business Intelligence (LUC SP Strategy 1,2)
 - 1st Deliverable Faculty Workload; Summer 2011
4. Enterprise ePortfolio Selection (LUC SP Strategy 1)
 - Target Summer 2011 Availability
5. Summer Online 2011 (LUC SP Strategy 4,5)
 - 15 faculty trained; 15 courses; Evaluate next steps
6. Build and Promote Research Data Center Services (LUC SP Strategy 3,6)
 - Governance Committee established; Funding and Services TBD

Strategic Planning/Investment Opportunities

- IT security
- IT disaster plans
- Open Source LMS; long-term strategy
- IT financial plan for investing and supporting research computing needs
- Student portal services/university portal services
- Email and document archiving for eDiscovery requirements
- Role of cellular and smart phones in the larger campus IT plan
- Cloud Computing
- Network redesign
- Online/distance education strategy
- Assisting faculty in integrating technology into instruction
- Remote access and file sharing
- Expansion of self service and browser-based access to information

FY11-FY12 ITESC Schedule

- February 17, 2011 - Thursday, 1:30-3:30 PM
 - Project Review Board Update
 - Student Portal
 - Cellular Contracts & Support
 - Technology Briefing
- April 7, 2011 - Thursday, 1:30-3:30 PM
 - System Proposal - ePortfolio & Assessment
 - System Proposal - Recruitment CRM
- May 26, 2011 - Thursday, 1:30-3:30 PM
 - Project Portfolio Prioritization
 - Major Projects Status Reviews
 - Subcommittee Reports
- July 7, 2011 - Thursday, 1:30-3:30 PM
 - Project Portfolio Prioritization Results
 - LUMC Update
- August 11, 2011 – Thursday, 1:30-3:30 PM
 - FY13 Budget Input from Subcommittees
- September 22, 2011 - Thursday, 1:30-3:30 PM
 - Subcommittee Reports
 - Major Projects Status Reviews
- November 10, 2011 - Thursday, 1:30-3:30 PM
 - Technology Briefing & Scorecards
 - LUMC Update
 - Project Portfolio Prioritization
- January 5, 2012 - Thursday, 1:30-3:30 PM
 - Project Portfolio Prioritization Results
 - Major Projects Status Reviews
